- Top and faucet sold separately
- Plumbing rough in area cut-out
- Made in the US

MATERIAL

- Solid wood, combination core veneers and medium density fiber board.
- Wood is a living material, and its beauty is enhanced by natural variations in grain, color, and pattern.
- No two pieces of wood are exactly the same, and the color will change with age, temperature, and exposure to light.
- The nature of wood grain can cause variations in stain depth. Our expert craftsmen apply paints and stains in a specific sequence to eliminate these variations.
