

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

**WARNING:** TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

## Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

## Step-by-Step Installation:

1. Secure the mounting plate onto the junction box with the screws.
2. Attach the adjustable clamp to the suspension ring and tighten firmly.
3. Thread the main wire sequentially through the suspension chain, ring, connector spacer, and ceiling canopy, and finally through the suspension ring on the mounting plate.
4. Connect the live, neutral and ground wire of the light fixture to the corresponding wires in the junction box.
- 5-6. Place the ceiling canopy over the mounting plate, and secure it tightly with the connector spacer.
- 7-8. Insert the center hole of the suspension ring into the connector spacer, then use a hex key to tighten the set screw and fix the light fixture in place.
9. Install the light bulb (bulb not included).

## Safety Instructions:

**To avoid fire, shock, and serious personal injury, follow all instructions carefully.**

1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
