

ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

Step 1: Place the pipe cover over the threaded hanging rod.

Step 2: Screw hanging rods into the fixture body. Adjust the length by adding or removing sections as needed.

Step 3: Thread the canopy onto the hanging rod.

Step 4: Secure the mounting plate to a UL-listed junction box using provided mounting screws.

Step 5: Connect the fixture wires to the supply wires using wire connectors.

·Note: Connect the black (hot) wire to the black wire, the white (neutral) wire to the white wire, and the ground wire to the grounding terminal.

·Ensure no exposed conductors remain outside wire connectors or outside the junction box.

Step 6: Align the slotted holes on the canopy side with the threaded inserts on the mounting plate. Secure it with provided screws.

Step 7: Insert the bulbs into the lamp sockets. (Bulb Not Included)

Step 8: Align bayonet lugs on shade with retention tabs on socket cup, and rotate clockwise to lock the shade in place.

Step 9: Turn on the power and check if the bulbs are functioning properly.

Installation is now complete.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.

1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
