

VANITY

Mirror made in two different sizes with a decorative detail in metal. It looks equally good attached to the wall either in a vertical or horizontal position.

VANITY puts a new spin on the concept of a “mirror” with an edgy design featuring the softly rounded contours on the mirror itself counterpointed by a sleek metal rod. This staff breaks up its rotund beauty and imbues it with a sharp sophisticated aesthetic. Like a painting or a sculpture, Vanity was designed to embellish the walls of your home as well.
