A Moment for Me 1

D2199S43995-3553

A Moment for Me offers a contemplative moment captured in time. With a pale, soothing palette of indigo, shades of grey, and soft yellow, the work on canvas features a softened Impressionist view of a seated female figure lost in thought. A serene portrait, this elegant work of art brings a feeling of quiet reflection through subdued tones and blurred forms.

Part of the carefully curated ART by TA Collection, A Moment for Me is an exclusive work of art on canvas. Comes in a silver leaf cap frame.
