

Product size: L166.5*W110*H72 cm

The frame of this product is manufactured from mild steel coated with a weather resistant paint. Steel has a natural tendency to rust over time and, whilst we expect you to be able to enjoy your furniture for many years to come, we recommend that you check the product from time to time for signs of paint damage and/ or rust. If the paint should become damaged, or if rust begins to form, you should clean the affected area and apply a suitable "thinners based" touch-up paint. Such paints are readily available from all good hardware and DIY stores.

The intended use of this product is for domestic use only.

Dos

When you are ready to start, make sure that you have the right tools, plenty of space and a clean, dry area for assembly.

Unwrap all packaging materials and place the components on suitable surface to prevent scratching your product.

Check the pack and make sure you have all of the parts listed. In the event of problems or missing parts, please contact the seller.

Check all screws and bolts are tightened and inspect regularly.

This product is suitable for all year outdoor use, but we recommend that a furniture cover be used to add additional protection to your product when not in use.

During server weather conditions, including high winds, rain, hail, thunderstorms, extreme heat and cold temperatures, the product should be stored inside in a cool, dry place.

During prolonged sunny spells, we recommend that furniture should be covered over with a protective furniture cover and/or stored inside when not in use. This will help prevent harmful UV rays from damaging and discolouring the material.

To best preserve the material (synthetic rattan) we recommend the use of a UV protector spray like Fabsil. This will block the harmful UV rays from damaging the material.

Before storage, ensure that the product is clean and dry.

To clean, wipe down with a sponge and warm soapy water and wipe with a clean, dry cloth.

When cleaning glass panels use a damp cloth or leather with washing up liquid or soft soap if necessary; do not use washing powders or any other substances containing abrasives since these substances scratch glass.

X Don'ts

Do not stand or climb onto the product.

Do not use power tools to construct this product.
Do not sit or lean onto the rims of this product.

Do not use this product if parts are missing, damaged or worn.

Never use scourers, abrasives or chemical cleaner.

Do not use this table as a ladder as this could lead to the table becoming unbalanced and overturning.

Do not place very hot or very cold items on the glass surface unless adequately thick table-mats are used to prevent such items from coming into contact with the glass.

Do not use the glass as a chopping surface. Do not strike glass with hard or pointed items.

Never drag furniture when moving it, always lift it.
