

Compass Dial Gallery Wall 625744

Display the Compass Dial oversized wall clock in any room. It's crafted from wrought iron for durability and rustic style, and the center is adorned with a light blue compass rose to impart a nautical touch to your space. This round wall clock has a 30-inch diameter, so it can be used as the focal point for your wall.

Elegant Good Looks: The frame of this iron wall clock has an aged silver finish for an antique appearance. Aged white Arabic numerals contrast with the aged blue dial, which also has silver-finish hands for a complementary look.

Nautically Inspired Style: One of the most distinctive features of this large wall clock is the compass rose in the center. Its light blue provides visibility against the darker background, and it matches the Howard Miller logo in the center.

Quartz Movement: This iron wall clock has a battery-powered quartz movement. It requires 1 AA battery (not included).

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
