INSTALLATION INSTRUCTLONS

We recommend consulting a professional if you are unfamiliar with installing bathroom fixtures and plumbing .We accept no liability for any damage to the floor,plumbing,vanity cabinet,sink, counter top,or personal injury during installation.

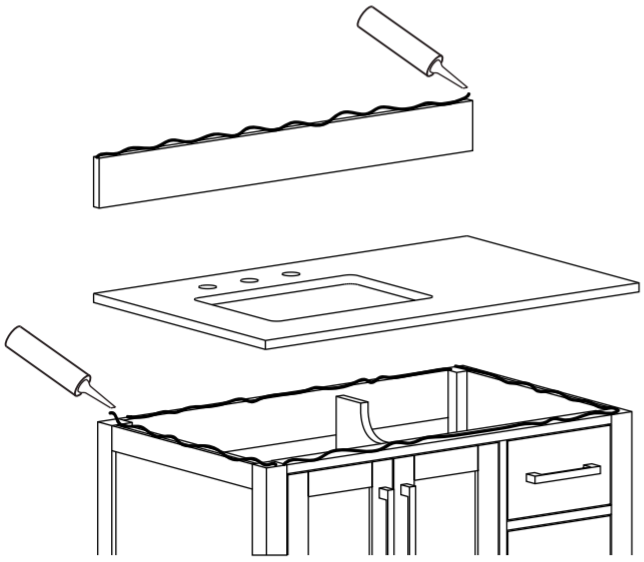

Remove vanity from box and examine vanity for any defects or damage.Carefully place vanity against wall.

2

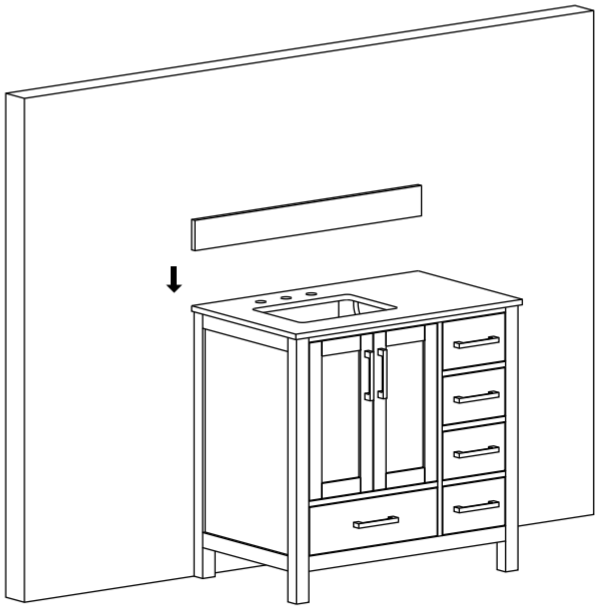

Always use a two man crew,a single person crew is much more likely to break or chip the stone top.

3

Apply bead of quality sealant evenly along the bottom of backsplash and the top of the vanity.

4

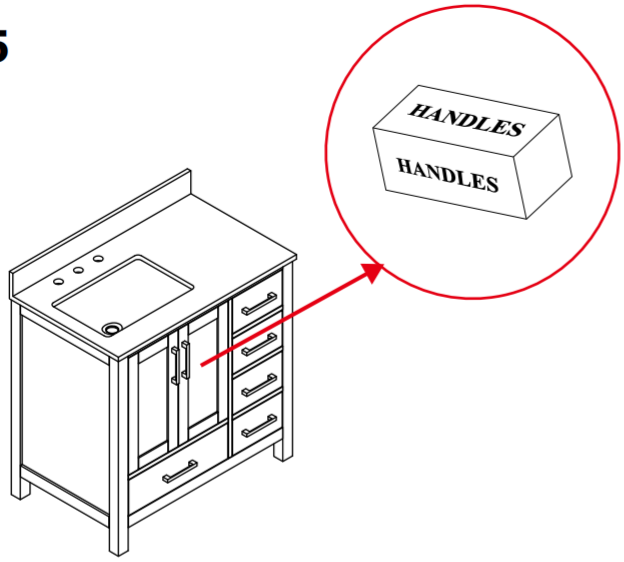

Finally,place the bottom side of back splash with sealant onto the counter top and check alignment of back splash.

Note:sink style,shape,countertop,vanity may vary from the picture above. Instructional purpose only

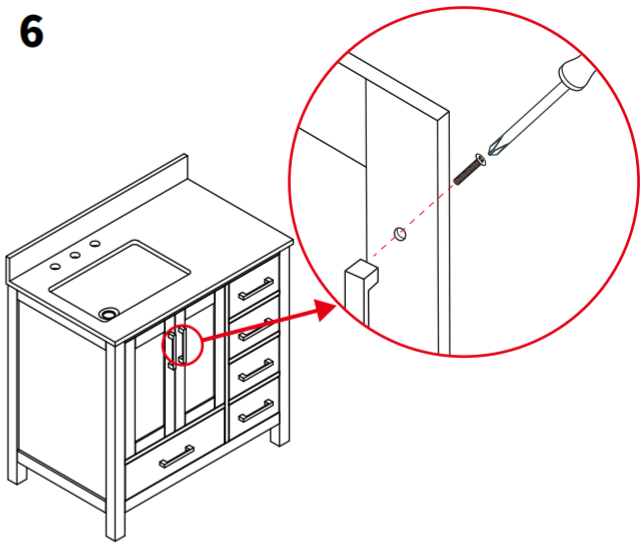

Vanity Installation

5

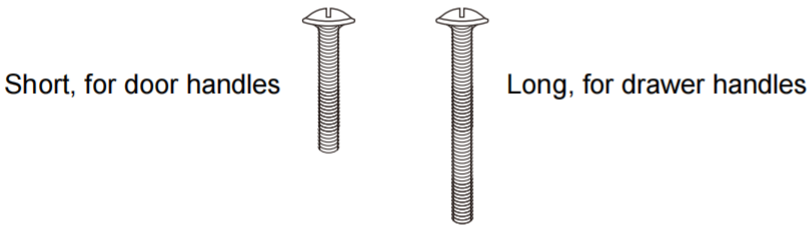

Different handle colors are available for purchase separately and may be packed inside the cabinet or shipped separately.

6

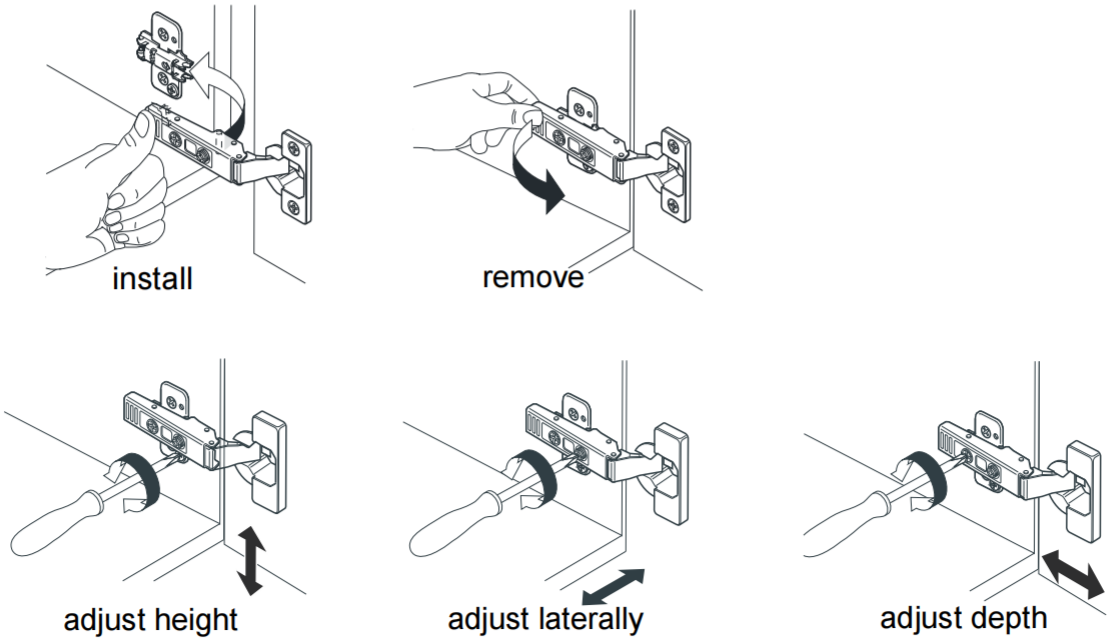

Unpack the handles and install them on the vanity. Do not over tighten when attaching.

7

Short screws are for the door handles and long screws are for the drawer handles.

HOW TO ADJUST HINGES (if required)
