Product Name:	Pre-Lit Artificial Christmas Potted Tree

Thank you for purchasing this product. This product has been manufactured with the highest standards of safety and quality.

PLEASE READ ALL INSTRUCTIONS BEFORE ASSEMBLY.

Unpack all parts from Styrofoam and bubble wrap inside the carton to ensure there are no missing or damaged parts. If any parts are missing or damaged, do not attempt to assemble or use the product.

CARTON CONTENTS:

Description	Quantity
Tree Top (A)	1
Tree Bottom (B)	1
Tree Pot	1
Plug	1

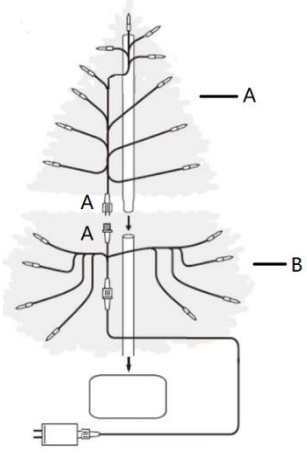

Before You Start

1. Decide on an appropriate location for your product, please read assembly and Instruction procedure carefully. Note: This tree may utilize light sets that are marked for indoor and outdoor use, but the artificial tree is for indoor display only.
2. Retain the instructions for future use and save the carton for storing your tree.

Assembly and Instruction Procedure (no tools required for assembly):

Remove all packaging (i.e., cardboard or plastic) before beginning. If your artificial tree has snow-flocking, we suggest unpacking the tree on a large cloth. Some of the flocking may come off during unpacking and fluffing of branches.

1. Assemble the Tree:
   Carefully insert the bottom of tree section (B) into the pot, then insert tree top section (A) into the top of tree section (B). Now that the tree is fully assembled, connect the light connector as shown in the image below.
   Light connection: Connect the connector marked (A) to (A), then plug into an electrical outlet, the light will turn on, if lights do not come on, skip to the section for troubleshooting tips.

Note: If the tree section (B) and pot you received are already fixed, you only need to insert top tree (A) into the top of tree section (B), then connect the light connector.

Product Name:	Pre-Lit Artificial Christmas Potted Tree

2. Shape the Tree:
   Begin to shape the branches from the bottom of the tree to the top. Start with the tree tips farthest away from the center pole.
   After shaping the tree, step back to look for any gaps. Reshape branches as needed. You can upsweep the branch tips for uniform look. Once you have the tree the way you want it, you can start decorating!

Warnings:

1. Risk of Fire and Electric Shock – please follow instructions and warnings on string lights if adding lights to trees.
2. Do not place near fireplaces, candles, outdoor heaters, or other similar sources of heat. This item is not flame retardant.
3. Do not install near pools, fountains, tubs, sinks, or other areas of standing water that the tree may fall or blow into.
4. Keep wires clear of being pinched or cut during assembly or installation. Discard sets with cut or pinched insulation.
5. Make sure final assembly stable enough to hold the tree upright.
6. Do not use candles on tree. Use only with the pre-installed string lights included.
7. This product is for decoration use only. Not to be used by children as a toy. Keep out of reach of small children.

Troubleshooting:

1. Some bulbs are not lighting, or lights do not come on at all: Search for any loose plug connections between the tree sections. Search for loose or missing bulbs.
2. Tree is not straight: Please ensure all parts are properly inserted and firmly connected. You may gently adjust the trunk as needed to achieve an upright and balanced appearance. It is better if the tree is in the vertical position when adjusting.

Note: If these actions do not resolve the issue with the tree, please do not disassemble the tree yet. Please contact customer service for assistance.

Storage:

1. Remove all decorations (this does NOT include the pre-installed string lights).
2. Starting from the top, carefully unassembled the tree sections. Press the tree tips back up against the pole.
3. Place the branch sections back into the carton, putting the longest one on the bottom.
4. Store the product in a cool, dry location protected from sunlight where the temperature does not exceed 35˚C (95˚F).
