Maidstone Round Pedestal Table

In the Round Pedestal Table, you can see the softening, shaping effect of edges sheared away, from its inset apron down to the round base. Similar chamfers add drama to the table's distinctive turned column. The veneered top features an alternating grain pattern, the sequence preserved even with the addition of an 18-inch aproned leaf that extends the length to 72 inches. Solid red oak in your choice of Pier or Sandbank finish.
