- Move the furniture unit to its final position to the wall.
- Locate a stud in the wall behind the unit. Does not have to be centered.

Locate the other bracket on the wall in the wall stud, 2 inches below the mounting bracket secured to the back of your unit. Attach to the wall stud using 2" screw through the smaller hole of bracket.

Place the furniture into position so both mounting brackets are vertically in line.
Lace the end of the restraint strap through the larger hole in each mounting bracket.
Confirm that the strap is securely laced and locked.
