When laying down the 1-2-4-5 combination, pay attention to cushion the bottom with foam or carpet to avoid scratching the cabinet by the hinge.

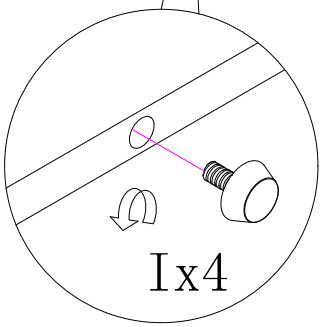

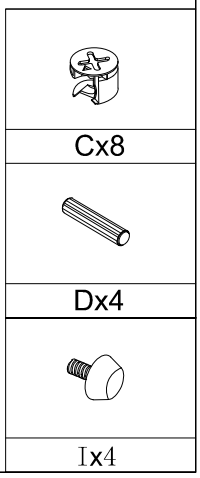

Note that when connecting the upper and lower cabinets, the lower part should be padded with foam or carpet. Note that the 12 # part should be aligned. This step needs 2 people to complete.

When the ground is uneven or the door gap is uneven, please adjust the four adjustment feet.

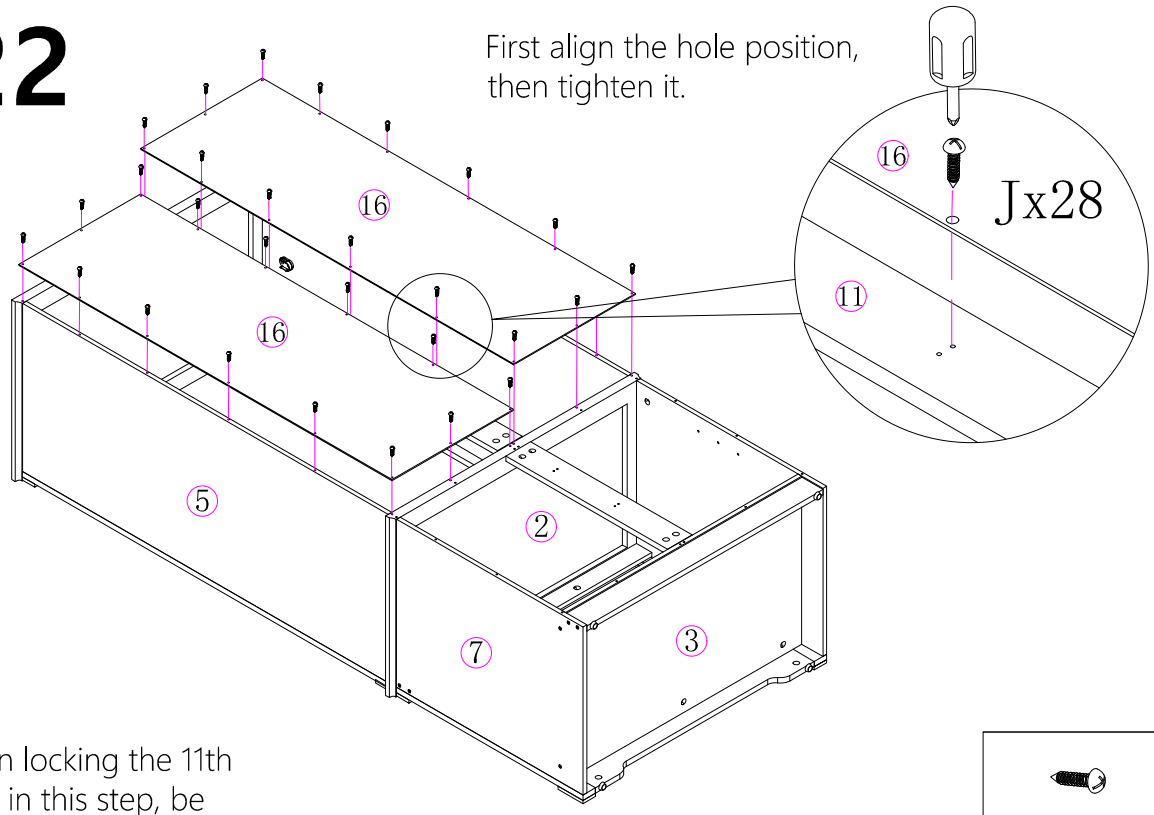

If you encouter any problems during installation, Please contact our customer seryice.

22

First align the hole position, then tighten it.

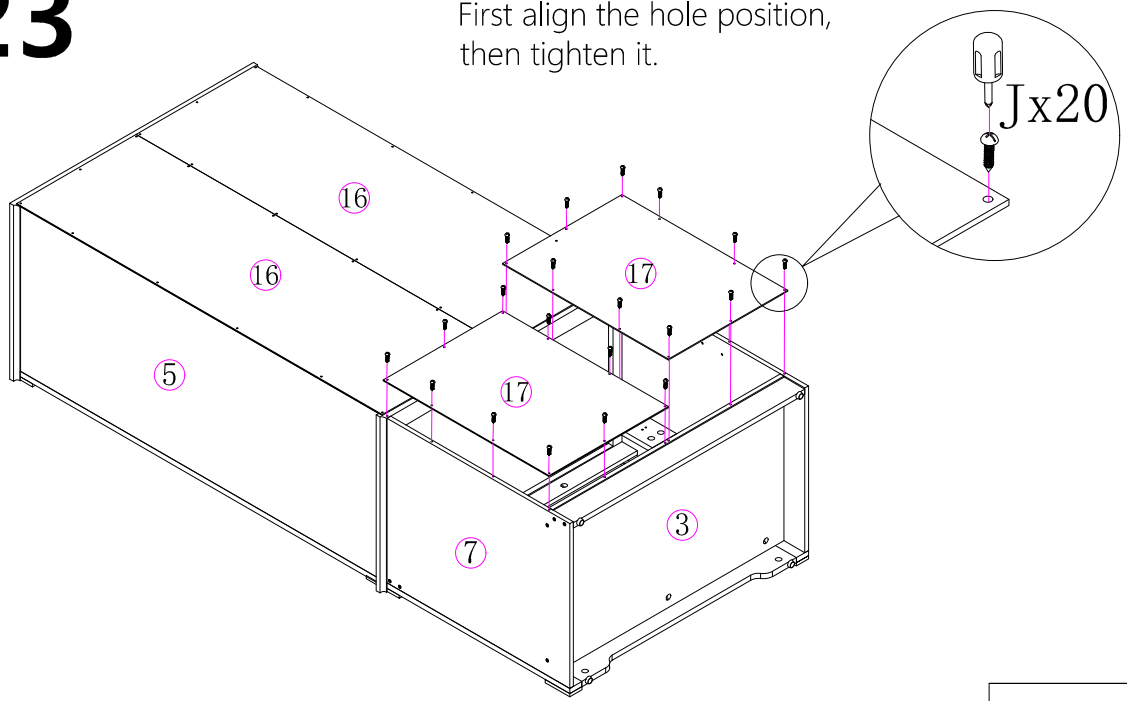

When locking the 11th plate in this step, be careful not to break it.
