

## Assembly instructions for Mushroom Scratching Post

### Step 1

Remove the base and the mushroom handle. Tighten the hexagonal screws from bottom to top in the manner shown in the picture.

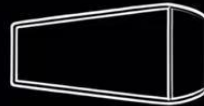

### Step 2

Remove the mushroom head. Use the double-head screws as shown in the picture to fix the mushroom stem and mushroom head together. Installation is complete.

Base x 1PC

Mushroom stem x 1 piece

Mushroom head x 1 PC

Hexagonal screw x 1 piece

Double-headed screws x 1 piece
