## TECHNICAL DATA

Honed finish passes required DCOF  
Rating of .42

Marble is a naturally occurring material sourced from mother nature herself. A range of character and color variation is to be expected and is a part of its inherent beauty. Nasco is well-known for its hands on approach during the sourcing process to properly control this range and variation so that the material not only maintains design integrity but also its inherent natural beauty. Images are intended to be used as a general guide.
