Instructions for Snake Plants

Step 1: Open the box and take the plants out of the box.

Step 2: Remove the PP bag

Step 3:Gently adjust the leaves as needed, bend or disperse them appropriately, to make the plant more natural and plump. (Warning: Do not forcefully pull or bend the blades to avoid affecting the simulation effect)

Step 4: No assembly required, can be directly removed and placed in the designated location.

Care Instructions

1.Regularly clean the surface dust with a damp cloth or cold wind of a hair dryer to keep it fresh.

2.No need for watering or fertilization, evergreen all year round.

Warranty Service

Our team warrants to the original purchaser that this product will be free from material defects in materials and workmanship for one year from the date of purchase. This warranty is subject to the following limitations:

1. This warranty is valid only when the product is used under normal conditions. It does not cover damage resulting from misuse or abuse, including but not limited to excessive exposure to sunlight or moisture, improper cleaning or handling, or any cause other than defects in materials or workmanship. Only repair or replacement will be provided if the product is deemed defective by our team.

2. We reserve the right to make the final decision regarding warranty claims. This may include an inspection and/or clear photographs of the product showing the defect.

3. The warranty period for any repaired or replaced product remains tied to the original purchase date. All warranty claims must be accompanied by the original purchase receipt or order information.
