Care Instructions for Jacquard Furniture:

To maintain the original appearance of your jacquard furniture, please follow these simple care procedures:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Prolonged exposure to sunlight or heating and air conditioning outlets will cause jacquard to fade or deteriorate.
- Regularly vacuum or dust with a soft, dry cloth.
- Monitor hardware periodically. Fasteners may loosen over time. Inspect all connections regularly to ensure they remain tight. Re-tighten if necessary.

For use on wooden floors, hard surfaces, or carpets, it is highly recommended to install protective felt pads under all legs and supports to prevent scratches, scuffs, and discoloration.
