# Thank you for choosing Mount-It!

**EN** Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It! for assistance.

- CAUTION:** Use with products heavier than the rated weights indicated may result in instability causing possible injury.
- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
  - Safety gear and proper tools must be used. This product should only be installed by professionals.
  - This product is designed to be installed on solid concrete walls, masonry walls or wood stud walls.
  - Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
  - Use the mounting screws provided and DO NOT OVER-TIGHTEN mounting screws.
  - This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
  - This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.
- IMPORTANT:** Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It! for a replacement.
- MAINTENANCE:** Check that the product is secure and safe to use at regular intervals (at least every three months).

**DE** Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren örtlichen Händler.

- VORSICHT:** Die Verwendung mit Produkten, die schwerer als die angegebenen Nenngewichte sind, kann zu Instabilität führen und zu möglichen Verletzungen führen.
- Bitte befolgen Sie die Montageanleitung genau. Eine unsachgemäße Installation kann zu Schäden oder schweren Verletzungen führen.
  - Sicherheitsausrüstung und geeignete Werkzeuge müssen verwendet werden. Dieses Produkt sollte nur von Fachleuten installiert werden.
  - Dieses Produkt ist auf massiven Betonwänden oder Mauerwerkswänden zu montieren.
  - Stellen Sie sicher, dass die Auflagefläche das Gesamtgewicht des Geräts und aller angeschlossenen Hardware und Komponenten sicher trägt.
  - Verwenden Sie die mitgelieferten Befestigungsschrauben und die Befestigungsschrauben NICHT ZU FEST ANZIEHEN.
  - Dieses Produkt enthält Kleinteile, die beim Verschlucken eine Erstickungsgefahr darstellen können. Halten Sie diese Gegenstände von Kindern fern.
  - Dieses Produkt ist nur für den Innenbereich bestimmt. Die Verwendung dieses Produkts im Freien kann zu Produktversagen und Verletzungen führen.
- WICHTIG:** Stellen Sie vor der Installation sicher, dass Sie alle Teile gemäß der Komponenten-Checkliste erhalten haben. Bei beschädigten oder fehlenden Teilen, wenden Sie sich an Ihre Verkaufsstelle, um Ersatz zu erhalten.
- WARTUNG:** Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).

**FR** Lisez entièrement le guide d'utilisateur avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.

- ATTENTION:** L'utilisation de produits plus lourds que les poids nominaux indiqués peut entraîner une instabilité causant des blessures potentielles.
- Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.
  - Un équipement de sécurité et les outils appropriés doivent être utilisés. Ce produit devrait être installé uniquement par des professionnels.
  - Ce produit est conçu pour être installé sur des murs avec poteaux en bois, des murs en béton massif ou murs en brique.
  - Assurez-vous que la surface de soutien supporte le poids combiné de l'équipement et de tous les matériaux et composants associés.
  - Utilisez les vis de montage fournies et NE SERREZ PAS TROP les vis de montage.
  - Ce produit contient de petites pièces qui peuvent causer un étouffement si elles sont avalées. Éloignez ces pièces des enfants.
  - Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une défaillance du produit ou des blessures aux personnes.
- IMPORTANT:** Avant l'installation, assurez-vous que vous avez reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou endommagée, téléphonez à votre distributeur local pour qu'il la remplace.
- MAINTENANCE:** A intervalles réguliers (au moins tous les trois mois) vérifiez que le support est d'utilisation sûre et fiable.

**RU** Перед началом установки и сборки прочитайте руководство по установке. Если у Вас возникли какие-либо вопросы относительно инструкции или предупреждений, свяжитесь с Вашим местным распространителем для получения помощи.

- Внимание:** Использование продукта, вес которого превышает указанный расчетный вес, может привести к неустойчивости и возможным травмам.
- Опоры должны быть установлены, как это показано в монтажных инструкциях. Неправильная установка может привести к получению серьезных травм.
  - Необходимо использовать предохранительное устройство и специальные инструменты. Продукт должен устанавливаться только профессионалами.
  - Продукт предназначен для установки на деревянные каркасные стены, твердые цементные стены или кирпичные стены.
  - Убедитесь, что несущая поверхность выдержит вес всего установленного оборудования и комплектующих.
  - Необходимо использовать монтажные винты, входящие в комплект поставки, и НЕ ПЕРЕТЯГИВАТЬ монтажные винты.
  - Данный продукт содержит маленькие детали, которые представляют опасность удушья при проглатывании. Такие детали необходимо хранить в недоступном для детей месте.
  - Данный продукт предназначен только для эксплуатации в помещениях. Использование данного продукта на улице может привести к поломке продукта и получению травм.
- ВАЖНО:** Перед установкой убедитесь, что Вы получили все детали в соответствии со списком комплектующих. Если не хватает каких-либо деталей или они поломаны, свяжитесь с Вашим местным распространителем по вопросу замены.
- ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ:** Необходимо регулярно проверять (как минимум, раз в три месяца), чтобы кронштейн был зафиксирован, и его использование было безопасным.

**ES** Lea todo el manual de instrucciones antes de comenzar la instalación y ensamble de la unidad. Si tiene alguna inquietud con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local.

- PRECAUCIÓN:** utilizar con productos de mayor peso al indicado en los límites de peso podría ocasionar inestabilidad y posibles heridas personales.
- Los soportes deben acoplarse tal como se indica en las instrucciones de ensamble. Una incorrecta instalación podría ocasionar daños y serias heridas personales.
  - Utilice las herramientas y equipo de seguridad adecuados. Este producto solo debe ser instalado por profesionales.
  - Este producto está diseñado para instalaciones en paredes de madera sólida, concreto sólido o bloques.
  - Asegúrese de que la superficie de fijación sostenga de manera segura el peso total del equipo y todos sus componentes y hardware.
  - Utilice los tornillos de ensamble suministrados y NO aplique demasiada tensión a los tornillos.
  - Este producto contiene piezas pequeñas que representan un riesgo de asfixia. Mantenga estas piezas fuera del alcance de los niños.
  - Este producto está diseñado para uso en interiores solamente. Utilizar este producto en exteriores podría ocasionar fallas y heridas personales.
- IMPORTANTE:** Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor.
- MANUTENIMIENTO:** Compruebe periódicamente que el soporte esté asegurado y listo para usar (al menos cada tres meses).

**PT** Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre quaisquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência.

- ATENÇÃO:** O uso com produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos.
- Os suportes devem ser anexados como especificado nas instruções de montagem. A instalação incorreta pode causar danos ou sérias lesões pessoais.
  - Equipamentos de segurança e ferramentas adequadas devem ser utilizadas. Este produto só deve ser instalado por profissionais.
  - Este produto é projetado para ser instalado em pilares verticais de paredes de madeira, paredes de concreto sólido ou de tijolos.
  - Certifique-se que a superfície de suporte suportará com segurança o peso combinado do equipamento e todas as ferragens e componentes anexados.
  - Use os parafusos de montagem fornecidos e NÃO APERTE EXCESSIVAMENTE os mesmos.
  - Este produto contém pequenas peças que podem causar asfixia se ingeridas. Mantenha esses itens longe do alcance de crianças.
  - Este produto destina-se somente para uso interno. Usá-lo em ambiente externo pode causar falhas no produto e lesões pessoais.
- IMPORTANTE:** Assegure-se que você recebeu todas as peças, de acordo com a lista de componentes, antes da instalação. Se alguma peça estiver faltando ou é defeituosa, contate o seu distribuidor local para substituição.
- MANUTENÇÃO:** Certifique-se que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

## Mount and Accessories

Check carefully to make sure there are no missing or defective parts. Some hardware provided may not be used. Use the correct mounting hardware suitable for your installation.

**CHOKING HAZARD.** Package includes small parts. Not for children under 3 years. Adult supervision is required.

**Missing Parts? Call us at (855) 925-5668 and we will ship replacement parts free of charge.**

## DIMENSIONS & WEIGHT CAPACITY

Rated weight capacity is 55lbs/25kgs for each bike hook, and 110lbs/50kgs for storage shelf.

**Caution:**

Ensure all mounting surfaces are capable of holding the weight of your mount.  
**DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY.**  
**SERIOUS INJURY OR PROPERTY DAMAGE MAY OCCUR!**

175kg/385lbs

25kg/55lbs

50kg/110lbs

## Step 1

### Prepare the Brackets

- Pull the two parts of the Wall Brackets (#C) apart until it is a right angle, and the holes align. Insert the Bolts (#I) through the holes from the outside, and secure them in place using the Nuts (#J) from the inside.

## Step 2

### Attach the Crossbar

- Measure the distance between your studs and follow the measurements in the diagram to select the set of bolt holes that match your studs. The innermost pair of holes with a 16" spacing is the most commonly used in North America. Insert the Crossbar (#B) into the Wall Brackets as shown here, then secure it into the selected set of bolt holes using the Bolts (#I). Install the Screws (#K) on each end of the crossbar.

## Step 3

### Prepare the Shelf

- Connect the 2 halves of the Shelf (#A) by inserting the Wooden Dowels (#G) into the 3 side holes and pressing the boards together.

## Step 4

### Attach the Shelf

- Lay the Shelf upside down and place the Wall Brackets on top. Secure the brackets to the shelf using the Shelf Connectors (#F) by inserting them through the brackets into the shelf, then turning the connectors 90° clockwise.

## Step 5

### Measure and Determine Mounting Height

- Before mounting on the wall, determine the mounting height for the bicycle using the guide here. Lay the Bike Rack assembly on the floor perpendicular to the wall and place the bicycle on it to measure the required mounting height.
- Ensure that a space of approximately 8" or more is left from the back tire to the wall and take the measurements from the wall to the center of the top hole on the Bike Rack. This measurement will be the distance from the floor to the top bolt hole (point b on the diagram.)

## Step 6

### A. Wood Stud Installation Option

- Use a stud finder to locate the stud and hold the Bike Rack centered on the stud. Use a bubble level to ensure straightness and mark the holes, with the top holes at the height measured in Step 1, distance c.  
**Note: On the upper two holes, mark the center of the smaller end of the teardrop shaped holes.**

- Use a 3/16" drill bit and drill on the marked locations to a depth of 2.2".

- Install the two top Lag Screws (#L) only, leaving a gap of 5/32" (4mm) between the wall and the bottom of the screw head.

- Hang the Bike Rack on the top two lag screws, then pull it down so that the screw heads are fully seated into the smaller end of the teardrop shaped holes.

- Install the lower two Lag Screws then tighten all 4 screws down to secure the rack to the wall.

## B. Concrete/Brick Installation Option

- Use a bubble level to ensure straightness and hold the Bike Rack to the wall then mark the holes, with the top bolt holes at the height measured in Step 1, distance c.

**Note:** On the upper two holes, mark the center of the smaller end of the teardrop shaped holes.

- Use a 3/8" drill bit and drill on the marked locations to a depth of 2.4".

- Insert the Concrete Anchors (#M) into the holes then install the two top Lag Screws (#L) only, leaving a gap of 5/32" (4mm) between the wall and the bottom of the screw head.

- Hang the Bike Rack on the top two lag screws, then pull it down so that the screw heads are fully seated into the smaller end of the teardrop shaped holes.

- Install the lower two Lag Screws then tighten all 4 screws down to secure the rack to the wall.

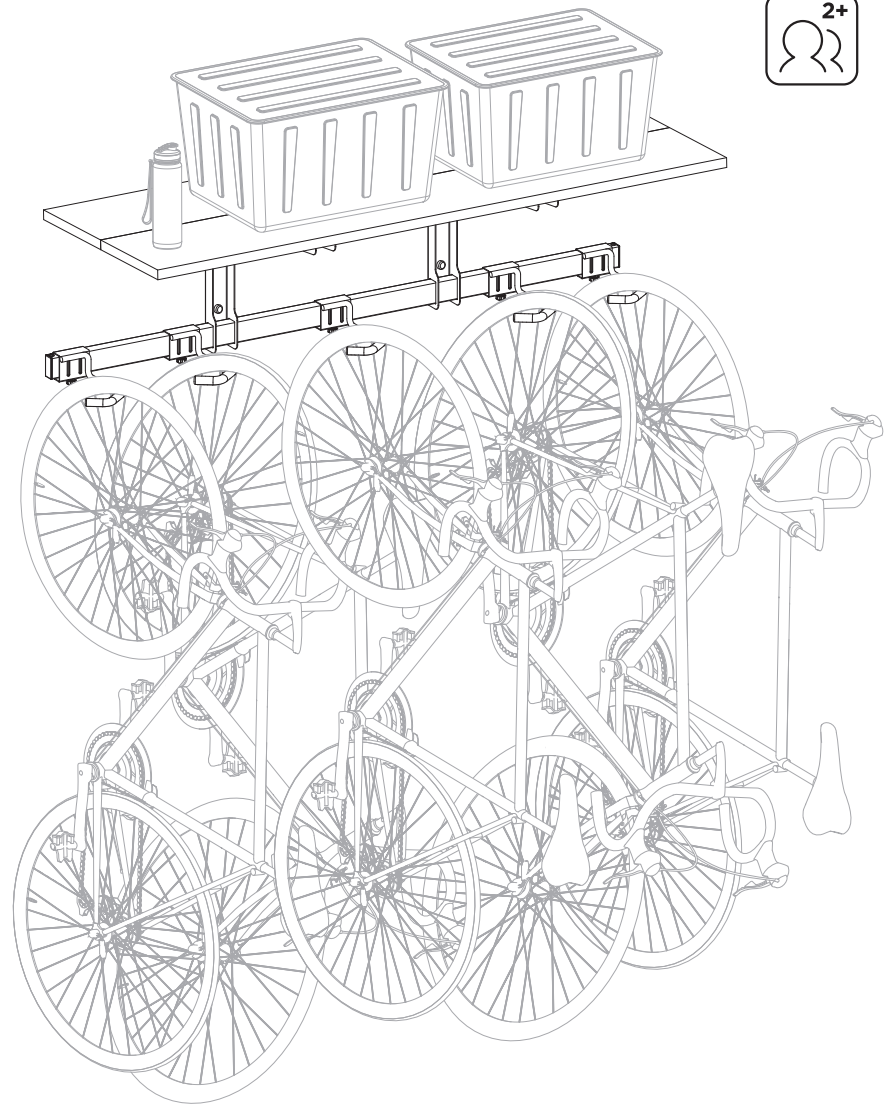

## Step 7 Attach the Hooks

- Place the Lag Screw Covers (#E) over the heads of the lag screws.
- Hang the Hooks (#D) onto the rack in the configuration shown here, set them at your desired spacing then secure them in place using the Thumb Screws (#H).

## Step 8 Final Adjustments

- Hang bicycles and helmets on the rack and adjust the spacing or order of the hooks as needed. Accessories can be stored on the top shelf as needed.
