Collection: Brookhaven

Color: Distressed Medium Clear Cherry

Number of Drawers: 2

Style: Traditional

Finish: Medium Wood

Brand: Hooker Furniture

Product Description: Stately, striking and stylish, the Brookhaven Lateral File is a class act that is packed with function. Timeless design details like a warm casual cherry finish and bronze-finished medallion-shaped ring-and-pull hardware combine with the storage features of two locking file drawers with a Pendaflex letter/legal file system on metal ball bearing slides, levelers and an anti-tilt mechanism.

Collection Features: The Brookhaven Collection is crafted from hardwood solids with cherry veneers. It features a distressed medium clear cherry finish.

Status: Active

Finish: Distressed medium clear cherry finish. Distressing includes scratch antiquing and worm holes.

Features: Two locking file drawers with Pendaflex letter/legal file system on metal ball bearing slides
Anti-tilt mechanism
Levelers

Material: Cherry Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-

craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
