MOUNTING INSTRUCTIONS FOR TYPICAL WOOD, CONCRETE OR BRICK WALLS

NOTE: Consult your local hardware store for proper mounting to other wall materials.

TOOLS REQUIRED: Phillips regular handle and short handle screwdriver, pencil, power drill.

1. Place mailbox in desired location on wall.
2. Using a pencil, mark the location of mounting screws.
3. Remove the mailbox and make pilot holes using a power drill.
4. Attach mailbox to the wall using provided screws. Use a short handle Philips head screwdriver to install the top mounting screws.
5. A standard length Philips head screwdriver can be used to install the bottom screws.

NOTE: All mailboxes have 4 holes on the back for mounting and should have the spacers inserted between the unit and mounting surface

CLEANING INSTRUCTIONS

To maintain and protect the luster of all products, clean with a soft, damp cloth only.
