

Metal Planter Box Product Instructions

Thank you for purchasing our products.
Please read the installation manual before use.
Please keep it properly for future reference.

Product Introduction

Easy Assembly

This series of metal planter boxes are made of high-quality material. Designed with a smooth painted surface, these boxes are easy to clean and maintain, making them perfect for outdoor use. The range of models ensures that you can create the perfect landscaping solution to suit your needs. These elegant planter boxes require assembly. Thanks to the clever design, assembly is very easy. With just a few quick steps, you can have your planters up and ready to show off in just 5 minutes.

Regular Maintenance

Regularly check the connections and stability of the metal flower box to ensure that it does not tilt or shake.

Do not use sharp objects or abrasive tools to scratch metal surfaces to avoid scratching or damaging the appearance.

Gently wipe the surface with a soft wrung-out damp cloth, avoiding using corrosive cleaning agents or rough objects.

Avoid keeping the planters in a damp state for a long time to prevent rusting.
