Earthen Serenade 1

D2805S56094-4706

Earthen Serenade 1 showcases the nuances of Abstract Illusionism, a style that joins abstract elements with painterly techniques to create three-dimensional depth on a flat surface. This work on canvas toys with viewers' perceptions through the interchange between objects that seem to float above the picture plane and the shadows they cast, which create spatial ambiguity. The illusion of depth and volume is achieved through shading and gradation. An intricate layering of brown tones in tan, sand, and mocha is punctuated by patches of sky blue and cream that tie together the illusion. A mesmerizing composition on canvas, Earthen Serenade 1 is an alluring addition to ART by TA. Pairs beautifully with Earthen Serenade 2 and 3.
