!!! First and Mandatory Safety Warning: Prevent Furniture from Tipping

Dear Customer,

The safety of you and your family is our top priority. Unsecured furniture can tip over due to climbing, impact, or overloading of drawers, resulting in serious or even fatal injuries. These accidents primarily occur in children. To prevent this risk, the first step in installing this furniture is to permanently secure it to the wall.

【Anti-Tip Installation Guide】

Step1

Step2

Step3

Step4

【Additional Safety Tips】

- 1.Never allow children to climb on or hang from furniture.
- 2.Heavy items should be placed on the bottom shelf of furniture.
- 3.Drawers should not be left fully open for extended periods to prevent a shift in the center of gravity.
- 4.Please regularly check the security of the anti-tip device.
- 5.This anti-tip device is suitable for most wall types. If you are unsure about your wall type or installation method, please consult a professional (such as a renovator) for installation.

A few minutes of installation time will bring you lasting peace of mind. Thank you for making safety your top priority.

【Need Help?】

If you lose any accessories or have any questions about installation, please feel free to contact our customer service team. We'll be happy to assist you.
