Delivery Information

Delivery is normally 3–5 working days, although orders may arrive sooner where stock is available.

All Sheep Wool Pillow orders are delivered by a post, and a tracking number will be provided once your order has been dispatched.

Nationwide delivery is free.

Warranty & Manufacturing Defects

Your Sheep Wool Pillow is covered against manufacturing defects.

Any issues such as a stitching fault or manufacturing flaw should be reported straight away after delivery. Once confirmed, the pillow will be replaced.

Please note, the warranty covers manufacturing defects only and does not cover normal wear and tear, misuse, accidental damage, or changes in comfort over time.

Pillow Lifespan

For hygiene, comfort, and support, pillows should normally be replaced every **12–15 months** with regular use.

Over time, all pillows naturally lose some of their original support and freshness. Replacing your pillow regularly helps maintain better sleep posture, comfort, and cleanliness.
