

CLIFTON WOOD BARREL CHANDELIER

The Clifton Wood Barrel Chandelier brings together layered texture and natural materials in a striking tiered silhouette. Rows of hand-strung wooden barrel and round beads cascade in graduated layers, creating depth and movement as the chandelier gently tapers toward the base. A wrapped jute surround frames the upper structure, while coordinating jute rods suspend the fixture, adding an organic, coastal character.

Crafted from natural materials, the subtle variation in tone and grain of the wood beads pairs beautifully with the earthy texture of jute. The layered beadwork allows light to filter softly through the fixture, casting a warm and inviting glow while highlighting the handcrafted details.

All hard-wired lighting is UL-listed for dry locations. Not suitable for outdoor use. 6' of chain and cord supplied with each pendant.
