VELASCA

Un proyecto arquitectónico, lineal y minimalista, no exento de elementos de calidez.

Una vez más Ludovica+Roberto Palomba diseña una obra maestra minimalista que no renuncia a emocionar para Punt Mobles, una empresa española que siempre se ha caracterizado por el cuidado y refinamiento de los detalles de sus proyectos.

Un proyecto ganador, versátil, que decora y resuelve la funcionalidad en los espacios urbanos, pero que, gracias a la madera y su declinación, aporta calidez y textura al espacio.

Un contenedor lineal geométrico y riguroso, donde las puertas están grabadas con un patrón vertical.

Destacando su sobre que parece un elemento arquitectónico delicado que parece casi crear una escultura suspendida.

Es importante destacar las juntas que crean las tangentes entre los elementos, un elevado nivel de artesanía que hace que el resultado sea sorprendente.

A geometric and rigorous linear container, where the doors, unexpectedly engraved with a vertical pattern.

Emphasizing the grain of the essence, related to the architectural element of the shelf, very lightly in a sort of delicate balance that seems almost to create a sculpture suspended in time.
