

Assembly Instructions

NOTICE(EN): Thank you for choosing our product. Please read this manual carefully before installation. Please contact customer service for further video support.

HINWEIS(DE): Vielen Dank, dass Sie sich für unser Produkt entschieden haben. Bitte lesen Sie diese Anleitung vor der Installation sorgfältig durch. Für weitere Video-Unterstützung wenden Sie sich bitte an den Kundenservice.

AVIS(FR): Merci d'avoir choisi notre produit. Veuillez lire attentivement ce manuel avant l'installation. Veuillez contacter le service client pour obtenir une assistance vidéo complémentaire.

AVISO(ES): Gracias por elegir nuestro producto. Por favor, lea este manual detenidamente antes de la instalación. Para obtener soporte de vídeo adicional, póngase en contacto con el servicio de atención al cliente.

NOTIFICA(IT): Grazie per aver scelto il nostro prodotto. Si prega di leggere attentamente questo manuale prima dell'installazione. Per ulteriore supporto video, contattare il servizio clienti.

Warning and Safety Instructions/ Warn- und Sicherheitsanweisungen

(EN)

1. Follow the installation instructions. Please confirm all accessories are preset before installation.
2. Do not fully tighten the screws during initial assembly. Full tighten screws only once all pieces which are correctly assembled.
3. Our products are environmentally friendly. To maintain their quality, avoid submerging them in water, placing heavy items on them, or applying excessive force.
4. If you encounter any issues, please contact us for assistance.

(DE)

1. Befolgen Sie die Installationsanweisungen. Bitte überprüfen Sie, ob alle Zubehörteile vor der Installation vorhanden sind.
2. Ziehen Sie die Schrauben bei der ersten Montage nicht vollständig an. Ziehen Sie die Schrauben erst vollständig an, wenn alle Teile korrekt montiert sind.
3. Unsere Produkte sind umweltfreundlich. Um ihre Qualität zu erhalten, vermeiden Sie es, sie in Wasser zu tauchen, schwere Gegenstände darauf zu platzieren oder übermäßige Kraft anzuwenden.
4. Wenn Sie auf Probleme stoßen, wenden Sie sich bitte an uns für Unterstützung.

(FR):

1. Suivez les instructions d'installation. Veuillez vérifier que tous les accessoires sont présents avant l'installation.
2. Ne serrez pas complètement les vis lors de l'assemblage initial. Serrez complètement les vis uniquement une fois que toutes les pièces sont correctement assemblées.
3. Nos produits sont respectueux de l'environnement. Pour conserver leur qualité, évitez de les immerger dans l'eau, de placer des objets lourds dessus ou d'appliquer une force excessive.
4. Si vous rencontrez des problèmes, veuillez nous contacter pour obtenir de l'aide.

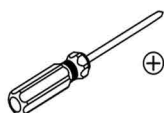

(ES):

1. Siga las instrucciones de instalación. Confirme que todos los accesorios estén presentes antes de la instalación.
2. No apriete completamente los tornillos durante el montaje inicial. Apriete completamente los tornillos solo una vez que todas las piezas estén ensambladas correctamente.
3. Nuestros productos son respetuosos con el medio ambiente. Para mantener su calidad, evite sumergirlos en agua, colocar objetos pesados sobre ellos o aplicar fuerza excesiva.
4. Si tiene algún problema, póngase en contacto con nosotros para obtener ayuda.

(IT):

1. Seguire le istruzioni di installazione. Verificare che tutti gli accessori siano presenti prima dell'installazione.
2. Non serrare completamente le viti durante l'assemblaggio iniziale. Serrare completamente le viti solo dopo che tutte le parti sono state assemblate correttamente.
3. I nostri prodotti sono ecologici. Per mantenere la loro qualità, evitare di immergerli in acqua, posizionare oggetti pesanti su di essi o applicare forza eccessiva.
4. In caso di problemi, contattarci per assistenza.

Parts Check: Before installation, cross-reference the list to confirm all hardware accessories are complete and undamaged.
Structure Familiarization: Use the exploded view to clearly identify each cabinet panel.
Pre-installation Prep: After completing the check, proceed with subsequent steps: panel assembly, door installation, and wall mounting of the cabinet.

(DE)

Teileprüfung: Vor der Installation anhand der Liste überprüfen, ob alle Hardware-Zubehörteile vollständig und unbeschädigt sind.
Strukturverständnis: Anhand der Explosionszeichnung jede Schrankplatte eindeutig erkennen.
Vormontage: Nach abgeschlossener Prüfung die nachfolgenden Schritte durchführen: Plattenmontage, Türinstallation und Wandbefestigung des Schanks.

(FR)

Vérification des accessoires: Avant l'installation, vérifiez la liste pour confirmer que tous les accessoires matériels sont complets et non endommagés.
Connaissance de la structure: Grâce au schéma décomposé, identifiez clairement chaque panneau du meuble.
Préparation à l'installation: Après avoir terminé la vérification, suivez les étapes suivantes : assemblage des panneaux, installation de la porte et fixation murale du meuble.

(ES)

Verificación de accesorios: Antes de la instalación, consulte la lista para confirmar que todos los accesorios de hardware están completos y sin daños.
Conocimiento de la estructura: Mediante el diagrama desglosado, identifique claramente cada panel del armario.
Preparación previa a la instalación: Una vez completada la verificación, siga los pasos siguientes: ensamblaje de paneles, instalación de la puerta y fijación a la pared del armario.

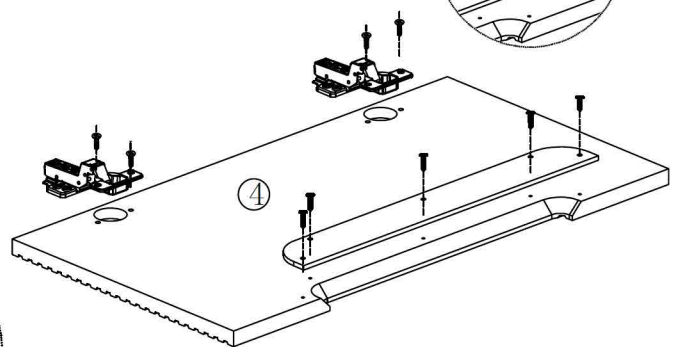

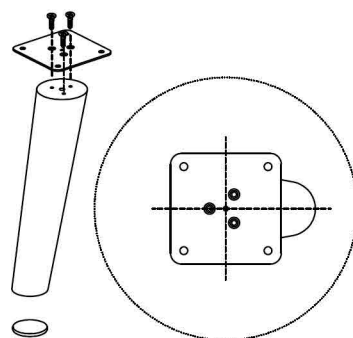

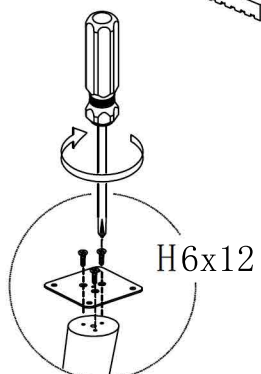

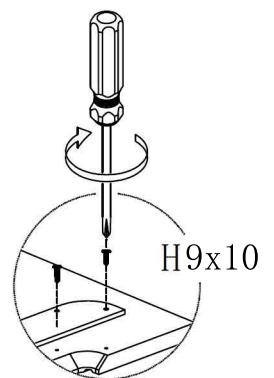

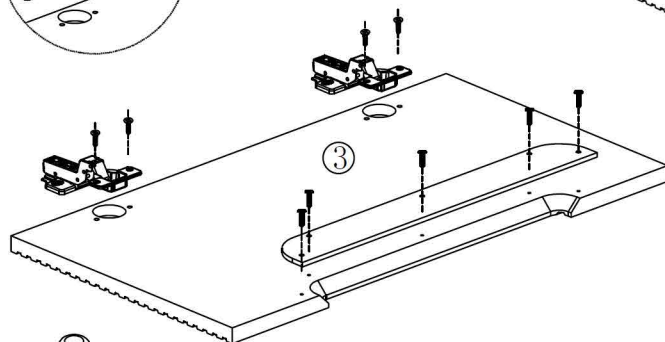

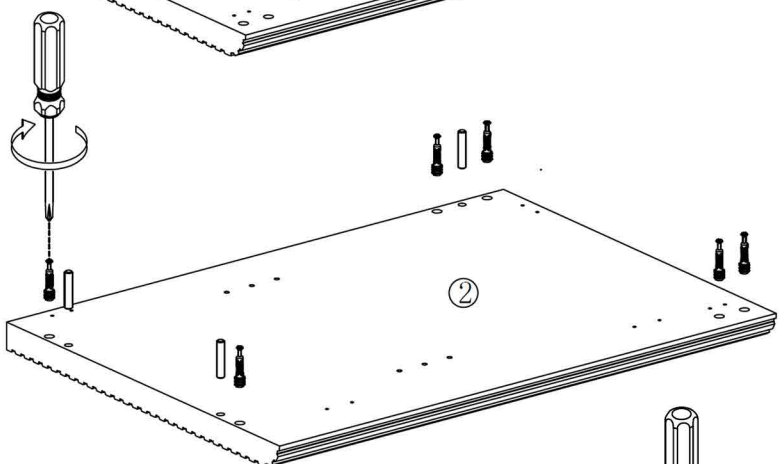

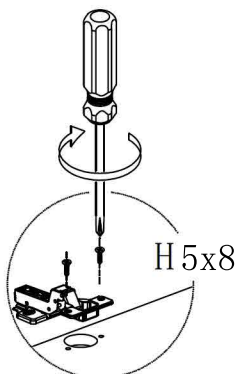

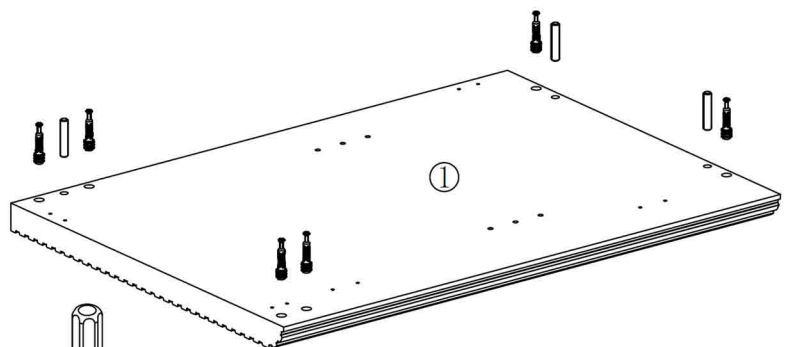

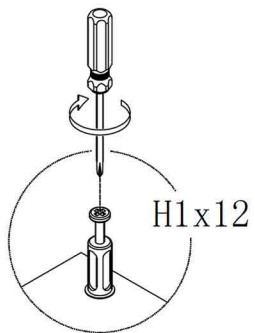

(IT)

Verifica accessori: Prima dell'installazione, controllare l'elenco per confermare che tutti gli accessori hardware siano completi e intatti.
Conoscenza della struttura: Attraverso il disegno esploso, identificare chiaramente ogni pannello del mobile.
Preparazione all'installazione: Dopo aver completato la verifica, procedere con i passaggi successivi: assemblaggio dei pannelli, installazione della porta e montaggio a muro del mobile.

Cleaning & Maintenance Instructions/ Reinigungs- und Wartungsanweisungen

(EN)

1. Do not use strong acid, strong alkali, abrasive-containing (such as steel wool, scouring powder) or chlorine bleach-based cleaners, to avoid corrosion of cabinet panels and hardware, which may cause discoloration, rust or cracking.
2. Do not scrape the cabinet and hardware with sharp objects; avoid heavy impact and forceful opening/closing of cabinet doors/drawers to prevent loose hardware and cabinet deformation.
3. Keep the cabinet away from long-term high humidity and standing water. Avoid direct water splashing on the cabinet during showers. Wipe up water on the cabinet promptly to prevent panel swelling and hardware rusting.

(DE)

1. Verwenden Sie keine starken Säuren, starken Laugen, schleifmittelhaltige (z. B. Stahlwolle, Scheuerpulver) oder chlorbleichhaltigen Reinigungsmittel, um Korrosion von Schrankplatten und Beschlägen zu vermeiden, die Verfärbungen, Rost oder Risse verursachen kann.
2. Kratzen Sie den Schrank und die Beschläge nicht mit scharfen Gegenständen; vermeiden Sie starke Stöße und gewaltsames Öffnen/Schließen von Schranktüren/Schubladen, um lockere Beschläge und Schrankverformungen zu verhindern.
3. Halten Sie den Schrank von langanhaltender hoher Luftfeuchtigkeit und stehendem Wasser fern. Vermeiden Sie direktes Wasserspritzen auf den Schrank während des Duschens. Wischen Sie Wasser auf dem Schrank umgehend ab, um Plattenquellung und Beschlagrost zu verhindern.

(FR)

1. N'utilisez pas de nettoyeurs à base d'acide fort, de base forte, d'abrasifs (tels que la laine d'acier, la poudre à récurer) ou d'eau de Javel, afin d'éviter la corrosion des panneaux et des quincailleries du meuble, qui pourrait entraîner une décoloration, de la rouille ou des fissures.
2. Ne grattez pas le meuble et les quincailleries avec des objets pointus ; évitez les chocs violents et l'ouverture/fermeture forcée des portes/tiroirs du meuble pour prévenir le desserrage des quincailleries et la déformation du meuble.
3. Maintenez le meuble à l'écart d'une humidité élevée prolongée et d'eau stagnante. Évitez les éclaboussures directes d'eau sur le meuble pendant la douche. Essayez immédiatement l'eau sur le meuble pour empêcher le gonflement des panneaux et la rouille des quincailleries.

(ES)

1. No utilice limpiadores a base de ácido fuerte, álcali fuerte, abrasivos (como lana de acero, polvo de fregado) o lejía con cloro, para evitar la corrosión de los paneles y herrajes del armario, lo que podría causar decoloración, óxido o grietas.
2. No raspe el armario y los herrajes con objetos afilados; evite impactos fuertes y la apertura/cierre forzada de puertas/cajones del armario para prevenir herrajes sueltos y deformación del armario.
3. Mantenga el armario alejado de la humedad alta prolongada y el agua estancada. Evite salpicaduras directas de agua en el armario durante la ducha. Limpie inmediatamente el agua en el armario para evitar la hinchazón de los paneles y la oxidación de los herrajes.

(IT)

1. Non utilizzare detergenti a base di acido forte, alcali forte, abrasivi (come lana d'acciaio, polvere abrasiva) o candeggina al cloro, per evitare la corrosione dei pannelli e della ferramenta del mobile, che potrebbe causare scolorimento, ruggine o crepe.
2. Non graffiare il mobile e la ferramenta con oggetti appuntiti; evitare urti violenti e apertura/chiusura forzata di porte/cassetti del mobile per prevenire il allentamento della ferramenta e la deformazione del mobile.
3. Tenere il mobile lontano da umidità elevata prolungata e acqua stagnante. Evitare schizzi diretti di acqua sul mobile durante la doccia. Asciugare prontamente l'acqua sul mobile per impedire il rigonfiamento dei pannelli e la ruggine della ferramenta.

(EN)

Thank you again for your support and trust in our product.

If you have any questions during use, please feel free to contact us anytime.

(DE)

Vielen Dank nochmals für Ihre Unterstützung und Ihr Vertrauen in unser Produkt. Wenn Sie während der Gebrauchszeit Fragen haben, kontaktieren Sie uns jederzeit gerne.
