# Assembly instructions

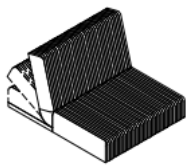

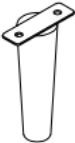

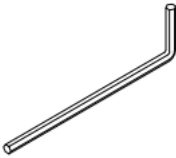

**0082** Your sofa comes packaged in **one** box. Carefully remove all components from the packaging and set them aside for assembly.

## Before Beginning

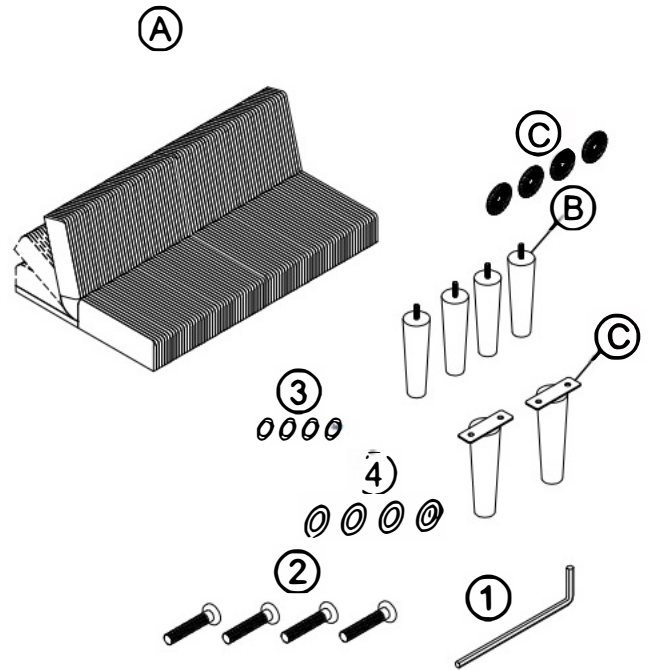

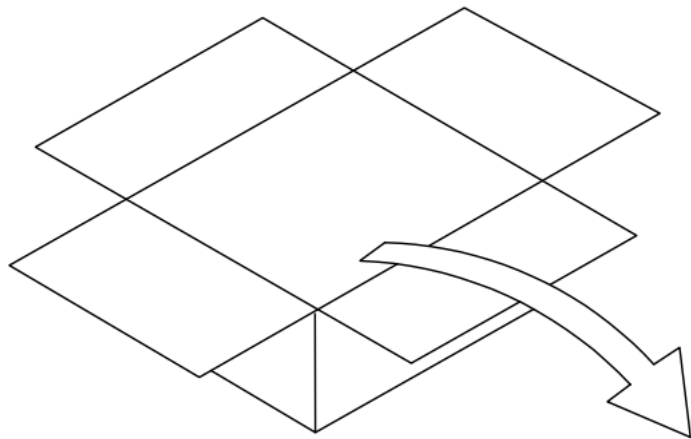

1. Carefully unpack and position the item on a clean, non-marring surface for assembly.
2. Read these Assembly Instructions from beginning to end before starting assembly.
3. Take an inventory of all required parts to ensure nothing is missing.
4. To prevent accidental choking hazards, keep all packing materials away from small children.
5. Only tighten hardware after ALL hardware is fully engaged in their positions. Overtightening bolts will damage the bolt threads.
6. Use only factory-provided hardware for assembly. Unapproved hardware may damage the product or compromise its structural integrity.
7. The use of power tools for assembly is not recommended due to the high risk of over-torque, which can damage the product.

## Package Contents

### Parts list

|                                                                                                       |    |                                                                                                        |    |                                                                                                          |    |                                                                                                              |    |
|-------------------------------------------------------------------------------------------------------|----|--------------------------------------------------------------------------------------------------------|----|----------------------------------------------------------------------------------------------------------|----|--------------------------------------------------------------------------------------------------------------|----|

## Step 1: Unpackaging.

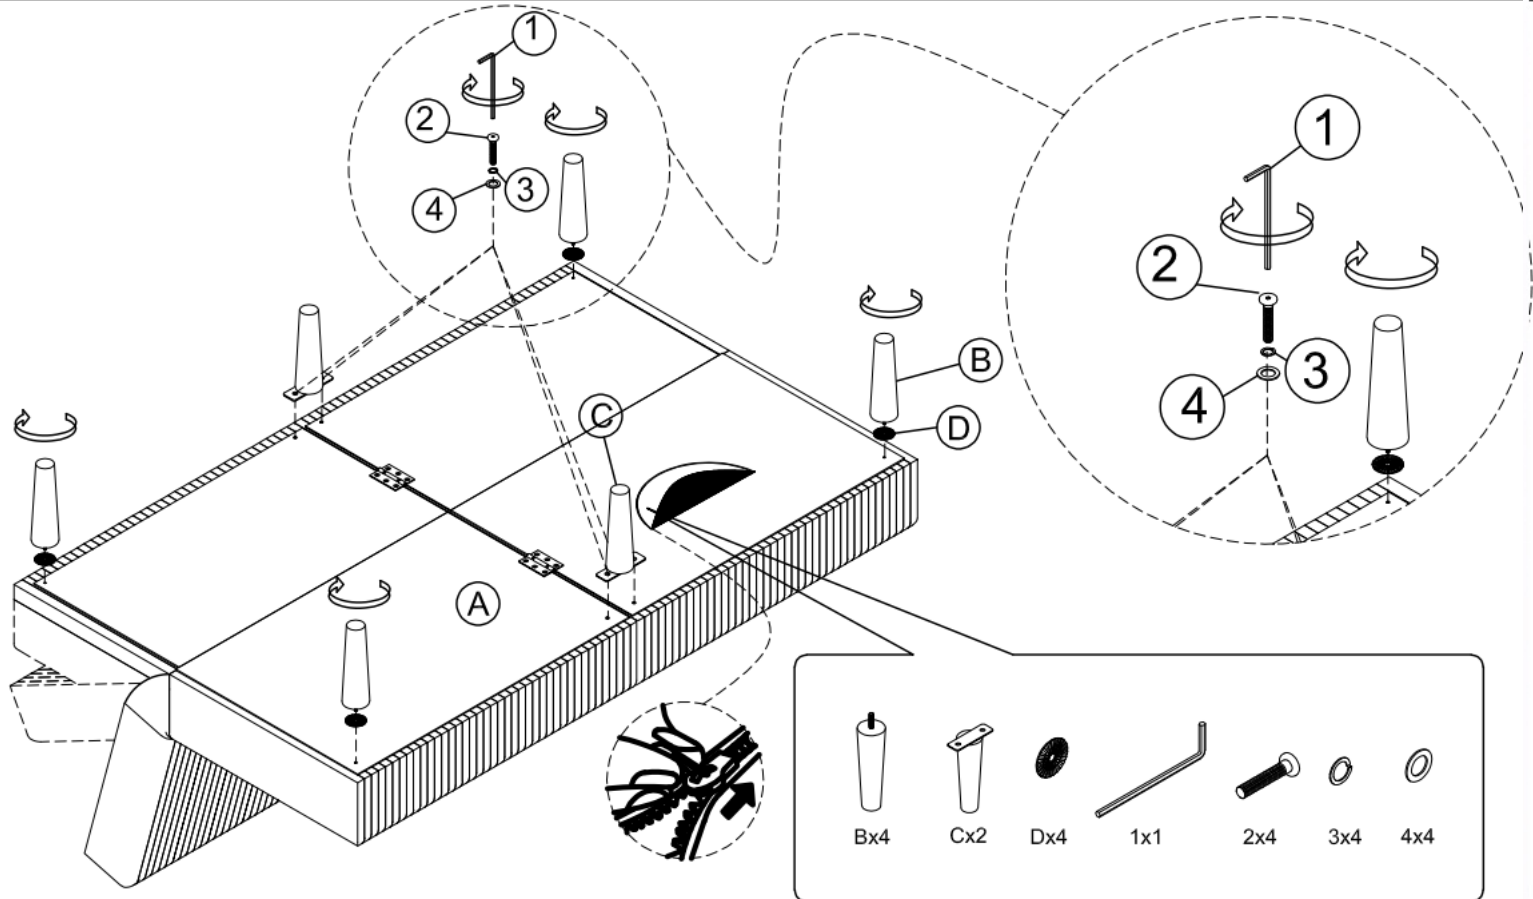

Unpack all contents from the box. Lay out the sofa body, legs, and hardware on a clean surface, and check that all parts are present and undamaged.

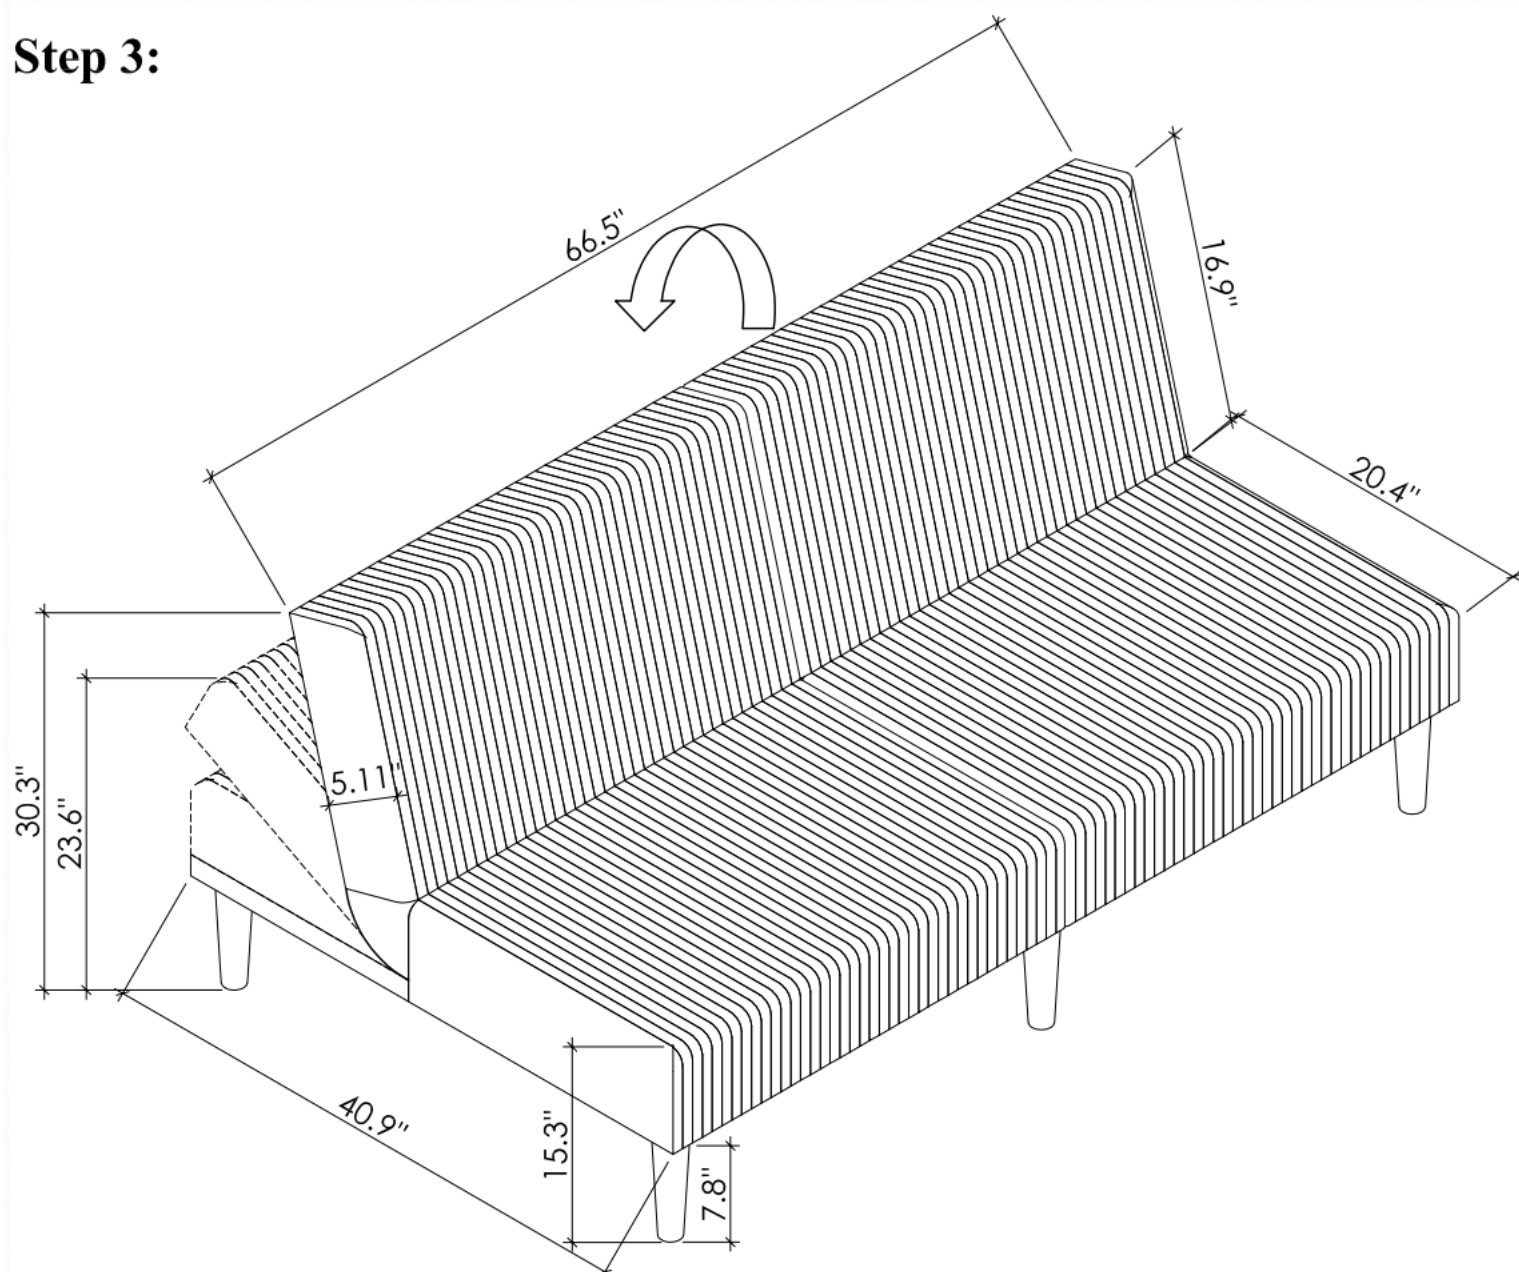

## Step 2:

Place the sofa on a flat, stable surface and pull both sections outward until fully extended. Verify that all hinges are properly aligned and engaged.

### Step 3:

## Warnings

1. Please check if the components of the sofa are all included and can be used normally.
2. Assemble all components according to the instruction correctly before you use the sofa.
3. Please **DO NOT** sit on the armrests to eliminate the risk of tipping over.
4. If the sofa is damaged or doesn't match the website description, please send clear pictures of the product and label of the carton to our service team for further help.
5. If you have any questions with the product, please contact us by:  
Email: [customerservice@zoy-living.com](mailto:customerservice@zoy-living.com)(We will reply to you within 24 hours)
