## assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

## step 1:

Start by turning the table top (A) upside down on a flat surface. Align one of the table legs (B) with the given slots on the tabletop (A). Ensure the stickers on (A) match the stickers on (B).

## step 2:

Now, attach the table leg (B) by inserting washer (D), lock washer (E) and bolts (C). Tighten using allen key (F). Use the image below as reference.

step 3:

Repeat steps 1 & 2 with the remaining legs. When done, flip the table upright.

step 4:

If required, adjust the levellers according to the floor as shown in the image.

**Voilà! Your table is now assembled and secure!**
