Highlights

- * Store 16+ pairs of shoes, spacious and well organized. Store sports shoes, flat shoes in the 6.3in-height shelf, and hold boots in the 13in-height shelf.
- * You can also remove 2 tiers of the 6.3in-height shelf to extend the height to 19.69in for ultra-high boots.
- * With side hooks which can store your ties, scarves, hat, keys, umbrella, and so on.
- * Come with complete accessories including iron tubes, plastic connectors, hooks, PP sheets and a wood hammer, easy to install with a few simple steps.

Assembly Tips

1. Please check the quantity of all accessories before assembling.
2. Please do not use your hand directly to assemble, use the included wood hammer. Avoid the parts damage, we recommend small force to install.
3. Ensure the pipes to be better connected, you can use the hammer or other things to hit the connector, make the shoe rack more stable and sturdy.
4. Please pay attention to the cut surface of the steel pipe.
5. Before installation, please read the user manual carefully.
