IMPRESS

Earthy and weathered with subtle, hand-applied texture, the Impress collection of authentic terracotta is made in Italy in an array of warm, muted tones. Handmade in small batches by skilled artisans, surface texture is added using specialized tools to etch tiles while the clay is still wet. The slim, elongated subway tiles are dipped by hand in glaze layered with a matte finish resulting in a natural, painterly quality. The collection lends a timeless, authentic look to backsplashes, bathrooms, or fireplaces.
