Assembly / Unpacking Guide

Roll Pack Compressed Mattress

IMPORTANT SAFETY WARNING

SUFFOCATION HAZARD Plastic packaging bags are not toys. Keep all plastic wrapping away from babies, children and pets. Do not allow children to play with or inside plastic bags. Discard packaging immediately after unpacking.

⚠ CAUTION: Use care when cutting the vacuum sealed bag. DO NOT use sharp knives directly against the mattress surface to avoid damage.

Unpacking Steps

1. Prepare a flat, clean bed frame or foundation before opening the mattress package.
2. Place the rolled mattress on the bed frame.
3. Carefully cut the outer vacuum plastic film.
4. Remove the plastic wrap and unroll the mattress fully.
5. The mattress will start to expand right away.
6. Allow 24–72 hours for the mattress to fully expand and restore its original shape. Minor odor is normal for new foam mattresses, it will dissipate in a well-ventilated room within a few days.

Care & Maintenance Instructions

- Use a suitable mattress protector to extend service life.
- DO NOT machine wash the mattress.
- For stains: Use a damp cloth with mild soap for spot cleaning only.
- Do not soak the mattress with water.
- Keep away from direct sunlight for long periods, sunlight may degrade foam.
- Rotate the mattress every 2–3 months for even wear.
- Do not bend, fold or compress the mattress again after opening.

Notes

This mattress is no assembly required. No extra hardware or assembly tools are needed. Just unpack and wait for expansion.
