

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

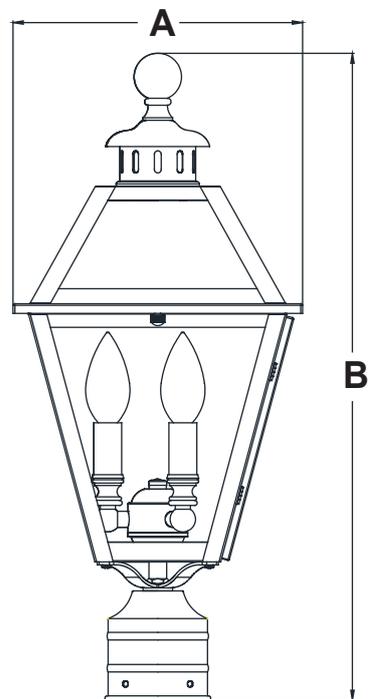

**WARNING:** Turn off the main power at circuit breaker before installing fixture.  
**AVERTISSEMENT:** Coupez la source d'alimentation principale au panneau central de disjoncteurs avant d'installer le luminaire.

**NOTE:** 1. Before installing, consult local electrical codes for wiring and grounding requirements.  
 2. READ AND SAVE THESE INSTRUCTIONS.

## Parts:

1. Take a side glass panel and gently place the side glass panel into the metal frame in place, then pressing the clips of the metal frame to secure the side glass panel. (See Fig. 1)
2. Repeat this process to complete all glass panel installation of side glass panels and front glass panel.
3. Take an upper glass panel and gently place the upper glass panel into the dome in place, then pressing the clips of the dome to secure the upper glass panel. (See Fig. 2) Repeat with other upper glass panels.
4. Attach the dome to the metal frames, then secure it with the ball nut assemblies.
5. Open the door of the fixture by pushing up the latch, attach the candle tube onto the socket.
6. Install bulbs (not included). See relamping label at socket area or packaging for maximum allowed wattage.  
Close the door of the fixture by pulling down the latch.
7. Pull out the outlet wires and the house grounding wire from the outlet box. Make wire connections by using the wire nuts:
  - Connect the black (hot) wire from the fixture to the black (hot) wire from the power source.
  - Connect the white (neutral) wire from the fixture to the white (neutral) wire from the power source.
  - Attach the fixture grounding wire to the cross bar with the green grounding screw. Then connect it to the house grounding wire with a wire nut.Carefully put the wires back into the outlet box.
8. Place the fitter on the post, then secure it with three fitter screws.  
**Note: With silicone caulking compound, caulk completely around where the fitter meets with the post surface to prevent water from seeping into the post.**
9. Turn on the power at the main fuse or circuit breaker box.

**A: 9"**

**B: 19-3/4"**
