

Installation & Assembly

	A	1	4mm
	B	4	M6*14

The lifting frame is packed separately.

Step 1: Install the lifting frame first. (Place a soft material underneath to prevent scratches.)

Cup Holder
(Install according to your preference)

Hanging Accessories (Headphones, etc.)
(Install according to your preference)

Step 2: Install the panel. (For other accessories, please refer to the installation instructions for the lifting frame.)

Step 3: Installation complete.
