Brand: Hooker Furniture

Product Description: Inspired by furniture design during the life of King Louis Phillippe of France, the Archivist Bookcase brings a stately character to any room, used alone or in pairs. Offering 3 adjustable wood-framed glass shelves, 2 doors with one adjustable wood shelf behind and one light controlled by a 3-intensity touch switch, the bookcase features a soft casual pecan-colored finish with a rustic, character-filled and authentic look.

Collection Features: A design archive that captures epic European and American style elements spanning continents and centuries, Archivist exudes a larger-than-life ambience. With a world-traveled pedigree, Archivist embraces both grand opulence and beloved, comfortable and simple forms.

Status: Active

Finish: A soft casual finish over Pecky Pecan gives a rustic, character-filled and authentic look. The finish is complemented by antique-inspired hardware including kick plates, tear-drop-shaped pendants and ring pulls with back-plates in a time-worn bronze finish. Distressing includes rasping, chisel and chain.

Features: Three adjustable wood framed glass shelves
Two doors with one adjustable wood shelf behind
One light controlled by three-intensity touch switch

Material: Pecky Pecan Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-

craftsmanship such as rubbing and padding. our finishes feel as good as
Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
