

Installation

1. Tighten the metal rod and canopy to the clamp
2. Use the mounting screws to attach the mounting unit to the junction box

3. Use the mounting screws to attach the mounting unit to the junction box
4. Make the electrical connection from the junction box to the fixture. Connect the ground wire to the mounting unit using the preinstalled green ground screw. Then, connect the positive, negative and ground wires with the supplied wire nuts. Secure with electrical tape
5. Place the canopy on the mounting unit and tighten it with side screws

6. Insert the glass into the lamp holder
7. Tighten the lamp holder ring
8. Install the E26 Type A bulb
