

SKU:

AD-1980-BP

Brand:

Aquadream

UPC:

689231823703

Product Title:

Aqua Dream 260 Gallon Tempered Glass Ultra-Transparent Aquarium - Black Premium,
(Complete Aquarium Setup)

Standard Price:

\$7,699

Key Product Features:

1. The aquarium is constructed from high-quality, low-iron, ultra-white transparent tempered glass (also known as "crystal glass"). This material is highly resistant to daily wear, including scratches, fingerprints, and exposure to acids and alkalis. The glass offers over 91.5% light transmittance and has a thickness of 0.47 inches, making it both durable and visually clear.
2. The tank's frame is made from corrosion-resistant metal, ideal for saltwater environments. It is designed to resist deformation, ensuring long-lasting durability.

Dimensions: 78" (L) x 26.8" (W) x 32.3" (H).

Water Capacity: 210 gallons.

This tank includes professional-grade tri-color LED lighting, perfect for marine life, corals, Arowanas, aquatic plants, and water features, adding a touch of luxury to any home or office.

3. The setup includes a cabinet, a 65W water pump (1717 GPH), and a filtration system with filter media. The aluminum frame dimensions are:

Dimensions: 78" (L) x 26.8" (W) x 29.5" (H).

The frame resists tension and torque, ensuring stability even under heavy loads. It is easy to clean and maintain, helping keep water clean over long periods.

4. **Filtration System Sink Dimensions:** 61.6" (L) x 14" (W) x 14" (H).

Water Capacity: 50 gallons.

The glass is bonded using German biophilic silica gel, providing a durable, saltwater-resistant seal that lasts for up to 20 years.

5. Featuring a modern, sleek black premium design, this aquarium allows clear visibility of aquatic plants and fish in their luxurious, relaxing environment.

Weight: 756 lbs.

Total Water Capacity: 260 gallons.

Product Description:

The Aqua Dream 260 Gallon Aquarium Black Premium (AD-1980-BP) offers an all-in-one solution for both new and seasoned aquarium enthusiasts. Made from low-iron ultra-white tempered glass, the aquarium ensures optimal clarity to showcase the vibrant colors of your aquatic life. The glass is sealed with high-end German biophilic silica gel, offering saltwater erosion resistance for up to 20 years.

This aquarium includes a premium aluminum stand that can support heavy loads while resisting corrosion, warping, and fading. Inside the cabinet, a sump filtration system is complemented by a submersible aquatic pump, a wet-dry filtration system, and adjustable filter media dividers, giving you full control over water filtration. The tri-color LED lighting enhances the beauty of your aquatic ecosystem, highlighting fish, corals, and plants.

Designed for long-term use, this complete setup provides everything needed to establish and maintain a thriving underwater environment. The stand combines sleek aluminum and glass, with a storage cabinet for convenience. The fish tank is covered by a 2-year warranty, while the electrical components are covered by a 1-year warranty. Spare parts are available for life.
