FEATURES:

As if thinking of tying itself into a pretty bow, the Marchfield Rectangular chandelier stops short of the knot to remain a gathered ribbon of handsomeness. Each loop of the long ribbon of thin wrought iron forms a shade, the exteriors and the frame treated to a satin black finish. The interior of the ribbon effervesces when the light source is switched on, the contemporary gold leaf surface catching the light. The Marchfield Rectangular, which measures 62.5" wide by 24" deep by 24" high, also comes in a round version, and has a hanging height of 24" to 145" high.
