

CARE & CLEANING GUIDE

HOW TO CHOOSE THE RIGHT RUG SIZE

PROVIDING MEASUREMENTS OF THE ROOM AND FURNITURE ENSURES YOU GET THE RIGHT RUG FOR THE SPACE

LIVING ROOM TIP

Make sure your rug is sized properly for the furniture and seating area. The rug should pull each piece together into a single area.

DINING ROOM TIP

Leave 18-24 inches of rug on all sides, so that chairs stay on the rug when pulled back. Rug should be sized to fit the room, not the table.

BEDROOM TIP

Leave at least 18 inches of rug on either side of the bed. You should be able to get out of bed and still stand on the rug.

HOW TO GET THE BEST OUT OF YOUR NOURISON RUG

HOW TO LAY OUT YOUR RUG

PACKAGING AND SHIPPING MAY CREATE TEMPORARY CREASES OR CURLS. FOLLOW THESE STEPS TO FLATTEN YOUR RUG.

Place rolled-up rug on the floor and roll out flat. A non-slip rug pad is recommended for safety and floor protection.

Vacuum the rug without the beater bar to remove any shedding and dust. The pressure and vibration will help flatten out the rug.

Flatten out curled edges by rolling the rug in the opposite direction. Curled corners can be flattened by weighing them down with heavy books. Most rugs will relax and lie flat in a few days.

RUG CARE AND CLEANING TIPS

EXTEND THE LIFE OF YOUR RUG AND KEEP IT LOOKING ITS BEST.

USE A RUG PAD

A non-slip rug pad's primary benefits are safety and cushioning. However, it also prolongs the life of your rug and makes it easier to vacuum.

VACUUM REGULARLY

Use a quality vacuum without the beater bar setting as it can pull or snag. Vacuum high traffic areas more often. Rug shedding is common with some new rugs but this will lessen over time with regular vacuuming.

SPOT CLEAN AS NEEDED

Clean spills immediately by blotting with a clean, dry white cloth. For hard to remove stains we recommend that the rug be professionally cleaned.

TAME THE SHAG

A great tip for cleaning a shag rug is to turn it upside down and vacuum the back with the beater bar setting. This will shake loose all the dirt and dust. Once done, move the rug and vacuum up all the dirt that came loose onto the floor.

CARE AND CLEANING

STAIN	CLEANING METHOD
Acids	Detergent or white vinegar
Alcoholic beverages	Detergent, white vinegar or cleaning fluid
Ammonia or Alkali	Detergent or white vinegar
Ball-point pen ink	Methylated spirits or turpentine
Beer	Detergent or white vinegar
Bleach	Detergent or white vinegar
Blood	Detergent, white vinegar or starch paste
Burning cigarette	Brush off with a hard edge
Butter	Cleaning fluid
Candy	Detergent, white vinegar or scrape & vacuum
Cellulose paint	Acetone
Chewing gum	Detergent, white vinegar or cleaning fluid
Chocolate	Detergent, white vinegar or cleaning fluid
Coffee	Glycerine
Cosmetics	Detergent, white vinegar or cleaning fluid
Crayon	Detergent, white vinegar or cleaning fluid or scrape and vacuum
Egg	Detergent or white vinegar
Excrement (human)	Detergent or white vinegar (remove at once-chemicals in excrement attack dyestuffs)
Excrement (pet)	Call a reputable cleaner
Fat and Oil	Tissue and iron, then cleaning fluid (Do not use iron after solvent)
Fruit and juices	Detergent or white vinegar
Furniture polish	Detergent, white vinegar or cleaning fluid*
Glue	Alcohol
Grass	Methylated spirits
Gravy	Detergent, white vinegar or cleaning fluid
Grease	Cleaning fluid or scrape & vacuum
Household cement	Detergent, white vinegar or cleaning fluid*
Ice cream	Detergent, white vinegar or cleaning fluid*
Ink	Water only
Iodine	Alcohol
Jam	Lukewarm water
Lipstick	Detergent, white vinegar or cleaning fluid*
Medicine	Call a reputable cleaner
Metal polish	Detergent, white vinegar or cleaning fluid*
Mildew	Call a reputable cleaner
Milk	Detergent, white vinegar or cleaning fluid*
Mud	Detergent or white vinegar
Mustard	Detergent or white vinegar
Nail polish	Polish Remover*
Oils	Cleaning fluid

Paint	Detergent, white vinegar or cleaning fluid*
Perfume	Detergent, white vinegar or cleaning fluid*
Permanent ink	Call a reputable cleaner
Rust	Call a reputable cleaner
Salad dressing	Detergent, white vinegar or cleaning fluid*
Sauces	Detergent, white vinegar or cleaning fluid*
Shoe polish	Detergent, white vinegar or cleaning fluid or scrape and vacuum
Soot	Vacuum, then cleaning fluid
Tar	Cleaning fluid
Tea	Detergent or white vinegar
Urine (human)	Detergent or white vinegar (remove at once-chemicals in urine attack dyestuffs)
Urine (pet)	Call a reputable cleaner
Vomit	Detergent, white vinegar or cleaning fluid
Wax	Cleaning fluid or scrape & vacuum
Wine	Detergent, white vinegar or cleaning fluid

"The Wool Library Volume 6"

Note: Almost all spills are removed by either dry cleaning fluid (follow manufacturer's instructions) or a simple solution of one teaspoon of mild detergent with one teaspoon of white vinegar in a quart of warm water.

*If recommended procedure is not effective call a reputable cleaner. Some stains are so complex that they should be treated by someone with a knowledge of textile chemistry. Don't wait for annual cleaning. It may be too late to remove the stain.

Nourison does not guarantee that these methods work and should be used as a guideline only! If in doubt, call a reputable cleaner.

CARE AND CLEANING ANY RUGS WITH THESE FIBERS OR BLENDS OF THESE FIBERS

NEW ZEALAND WOOL
WOOL
RAYON
COTTON
NYLON
FAUX SILK
ACRYLIC
POLYACRYLIC
MODACRYLIC
POLYESTER
POLYPROPYLENE
SHAG

Vacuum regularly. Pile shedding is a normal characteristic of quality area rugs. Avoid use of beater-bar type vacuum as they may cause yarns to pull or snag. If this happens, avoid pulling yarn knots out of surface pile. Clean spills immediately by blotting with a clean sponge or cloth. Professional clean only. Rug padding is recommended.

HAIR ON HIDE
LEATHER
COWHIDE
SUEDE LEATHER

Vacuum regularly on the lowest setting. Beater Bar vacuum is not recommended. Clean spills immediately by wiping smoothly in the direction of the hair with a damp (but not wet) cloth with mild soap and water. Professionally clean only. Natural skin rugs are not recommended for high traffic areas. Rug Pad is recommended.

JUTE
SISAL

Vacuum regularly. Due to the potential for rug damage, beater bar vacuums are not recommended. Remove spills immediately by blotting with a dry cloth. Professionally clean only. Do not steam clean or wet shampoo your jute rug. Plant fibers are highly absorbent, so when exposed to liquids or excessive dampness, they are subject to some shrinking and puckering. Rug padding is recommended.

VISCOSE
LUXCELLE™ (FAUX SILK/COTTON)
SILK-LIKE BAMBOO FIBERS
CK29 SHIMMER
STARLIGHT
MICHAEL AMINI PLATINE
SILK SHADOWS
CK32 MAYA
ALDORA

Vacuum regularly. Beater Bar vacuum is not recommended. Avoid pulling yarn knots out of surface pile. Professionally clean only. Consumer self-cleaning methods are discouraged. The pile can easily stain and yellow with improper cleaning chemicals. If a spill should occur, it is recommended to blot the affected area with white paper towels or clean white terry cloth towel. Rubbing will distort the fiber and moisture will weaken the fiber, which can cause it to break or be damaged. With a soft brush, comb the face of the rug in the direction of the pile. Anticipate that the pile might look flatter and more reflective after grooming. Once dry, re-brush the fiber to regain original texture. Rug padding is recommended.

RUG PADS

GUARANTEED TO RETAIN ITS NON-SLIP PROPERTIES FOR 10 YEARS, WITH PROPER CARE.

FOR SAFETY

Rug pads hold rugs in place. A rug pad can help prevent bunching, which can lead to tripping & rug shift, which can lead to slipping. Even when a rug seems "secured" by furniture or on carpet, a rug pad adds an extra layer of protections against mishaps.

FOR DURABILITY

Rug pads protect the rug's weave, which can be worn by the constant pulling & tugging of foot traffic & vacuuming. A rug pad extends the life of the rug, & protects your investment.

FOR COMFORT

Rug pads provide extra padding, increasing comfort, insulation, & sound proofing in the home. A rug pad also provides a buffer zone for dirt & dust, keeping them off of your hard surfaces, & making them easier to vacuum away.

FOR YOUR FLOORING

It is important to choose the right type of rug pad for your flooring. Hard surface rug pads can be used on hardwood, stone, tile or vinyl.

FIRM GRIP

ADVANCED PROTECTION

Advanced cushioning, extending rug's life & provides sound-proofing.

Hand washable & easily cut to size.

For use with hard surface flooring. Will not stain or discolor your floors.

7'6" x Round
8' x 11'
9' x 12'
10' x 14'
12' x 15'

HOW TO SIZE A RUG PAD

MEASURE

Measure and mark rug pad to two inches shorter width and length than your rug to allow for one-inch overlap on all sides. Do not include fringe or tassels in measurements.

CUT

Trim rug pad along marked lines with a sturdy household scissors. Place the trimmed rug pad where you want the rug to lie on the floor.

PLACE

Position the rolled-up rug on one end, with the edges lined up straight with the pad. Unroll the rug onto the pad, making sure that it lies flat without bunches.
