1

If the deck is hard wood and the depth of it is over 3 inch, you can use **5/16 in. x4 in. Structural Wood Screw** to mount the pergola.

2

If the ground is concreted and the depth of it is over 3 inch, you can use 1/4 inch expansion bolts to mount the pergola

①: Insert the rear pole (upper) #B4 or #B3 into the rear pole (lower) #B2 or B1 and secure it with screws #12.

②: Use bolts #3 to secure Bracket #C3 to the pole. (If you don't consider fixing it to the wall, you can skip this step.) The bracket #C3 is used to fix the post against the wall. You can assemble only 2 pieces for each post according to the actual installation situation.

③: Use 4 bolts #3 to secure base #C1 to Pole #B1 and #B2.

Rear Beam Assembly:

- (1) Insert the Beam Connector #K3 into the rear beam #E2, and secure it with 4 bolts #3;
- (2) Insert the other side of the Beam Connector #K3 into the rear beam #E1, and secure it with 4 bolts #3.
- (3) Align the holes and use 2 bolts #3 to secure #K4 to the Rear Beam #E2 & E1.
- (4) Secure the bottom of the rear beam with 2 bolts #3.

Installation of the rear drip rail

M6x70

13 8x

① Insert part #13 into the wall through #C3 to secure rear posts to the wall.

② Insert part #13 into the wall through #K4 to secure #E1 & E2 to the wall.

If you don't consider fixing it to the wall, you can skip this step (This step requires the user to drill holes in the wall for fixation.) The bracket #C3 is used to fix the post against the wall. You can assemble only 2 pieces for each post according to the actual installation situation.

The support tube can strengthen the weight capacity of the metal roof.

In bad weather, especially snowstorm, it is essentially needed to prevent the roof from collapsing under heavy snow.
In daily life, you can put it away.

Thanks for your purchase.

At domi outdoor living, we believe in our products.

That's why we provide a 12-month warranty and

friendly, easy-to-reach after-sales service. So if you

have any questions about our product and assembly-

,please feel free to contact us. We will be here for you.
