

6-Light Opal Glass Ceiling Light

Caution: Please turn off power before installation and read the manual carefully, we advise you contact professional electricians to install for safety purpose.

Product Features

Style: Modern

Material: Metal, Glass

Base Type: E26

Light Source Included: No

Voltage: 120VAC

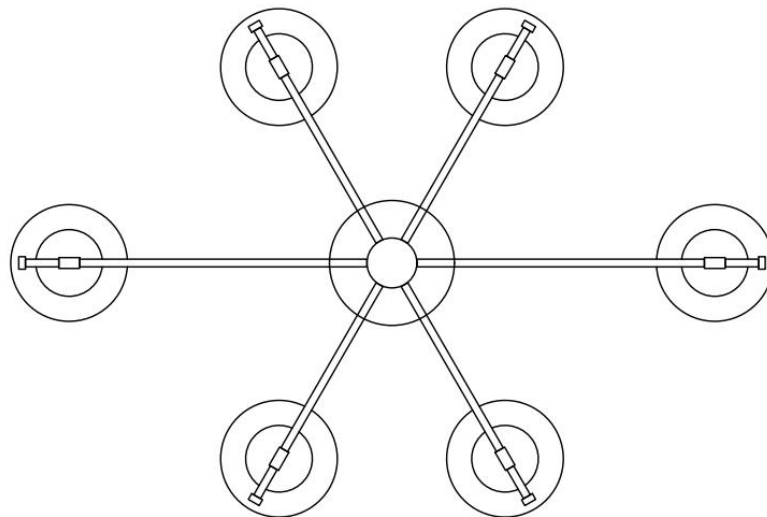

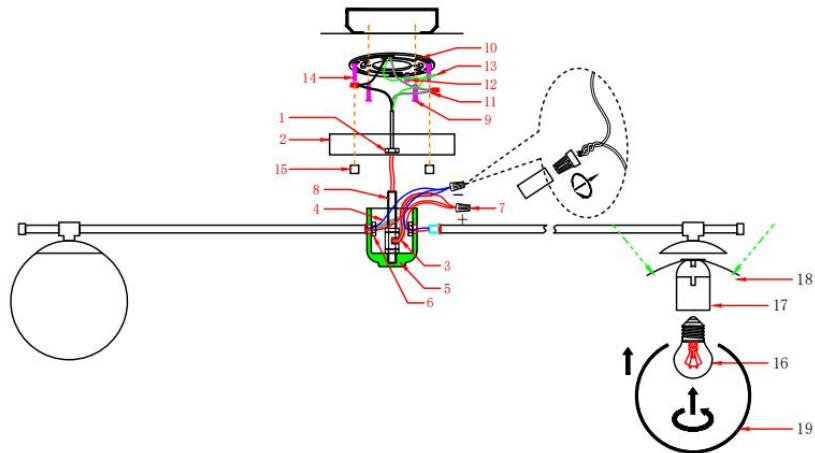

Wattage: 40W

Package includes

1 x Ceiling Light

1 x Accessories Kit

1 x User's Manual

Installation Instructions

A: Use a wrench to loosen the nut (1), remove the canopy (2), and take out the main wire (3).

B: Pass the lamp arm wire (4) through the side hole of the lamp housing (5), and then tighten the nut (6).

C: Connect the positive wire of the lamp arm wire (4) to the positive wire of the main wire (3) through the wire caps (7), and similarly connect the negative wire to the negative wire of the main wire (3) through the wire caps (7). Ensure no bare wires are exposed to prevent electrical leakage.

D: Pass the main wire (3) and the threaded tube (8) through the middle hole on the canopy (2), and tighten with the nut (1).

E: Fix the mounting plate (10) on the junction box with screws (9).

F: Connect the positive "L" wire (black wire) of the main wire (3) to the positive wire (+) from the ceiling using wire caps (11). Similarly, connect the negative "N" wire (white wire) to the negative wire (-) from the ceiling using wire caps (11). Ensure no bare wires are exposed to prevent electrical leakage. Fix the ground wire (13) from the lamp and the ground wire onto the mounting plate (10) using the green screw (12).

G: Pass the threaded bolts (14) through the two small holes on the canopy (2), and fix the light fixture using cap nuts (15).

H: Tighten the light source (not included) (16) to the lamp holder (17).

I: Then tighten the retaining spring (18) and install the lampshade (19) into the retaining spring (18).

Note: Please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
