

**Toilet Type Guide: 1 Piece vs 2 Piece**

One piece toilet has the toilet housed in one complete unit whereas two piece toilets have a separate bowl and tank. Offered Bio Bidet seat models are designed to fit all 2 piece toilets and most of 1 piece toilets. The only exception will be rare types of one piece toilets with severe French curves where toilet tank connects to the base of the toilet like in type C below.

Type A and B: Yes

Type C: No
