Brand: Hooker Furniture

Product Description: Tasteful and refined, the Leesburg Martini Table packs pedigree and style into a petite 18 W x 18 D footprint. From the carved and sculptured base leading to a shelf on four spool feet to the traditional pie-shaped top, the design is in the details of this table, finished in a traditional mahogany color with elegant cathedral and swirl mahogany veneers with light physical distressing.

Collection Features: Leesburg harkens back to an antebellum time when elegant traditional mahogany furnishings with graceful lines set the stage for Southern hospitality and grand occasions.

Status: Active

Finish: Leesburg features a rich, traditional mahogany finish with elegant cathedral and swirl mahogany veneers and light physical distressing. Distressing includes worm holes.

Material: Grain and Swirl Mahogany and Ebony Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb

moisture as much as solid wood, which results in stronger and longer-lasting furniture.
