# BASKETBALL NET INSTALLATION STEPS

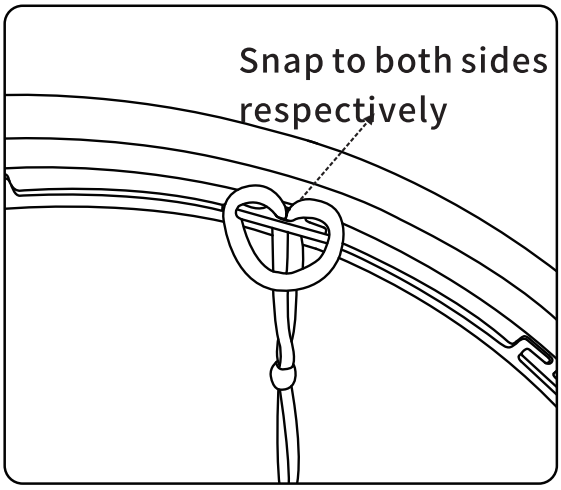

❶ Pick up one end of thebasketball net.

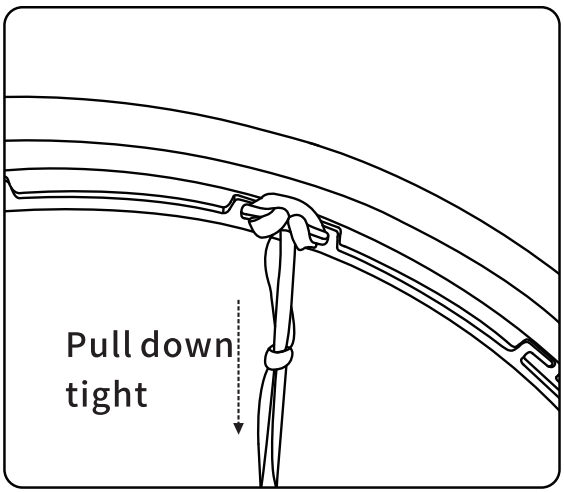

❷ Pass the basketball net through the middle of the basketball hoop hanging hole.

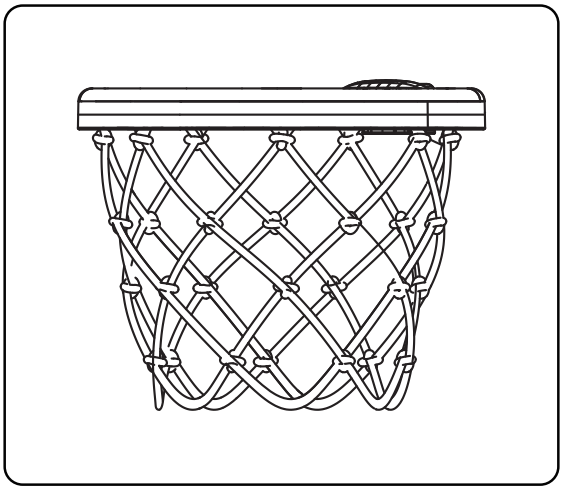

❸ Reserve enough passed parts to facilitate subsequent operations.

❹ Snap the basketball net into the grooves on both sides of the hanging hole.

❺ Tighten the basketball net downwards so that the ropes passing through the hanging holes form a double knot.

❻ Use the same method to hang basketball nets in other directions to the corresponding holes.
