 Expansion screws

 Fixing bracket 4pcs

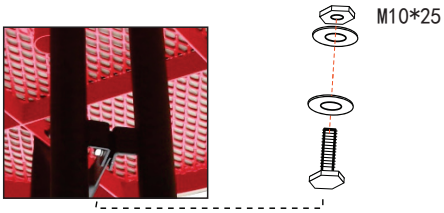

1,Using connecting bracket, to Assemble one left leg to one right leg, and adjust the angle to ensure structural stability.

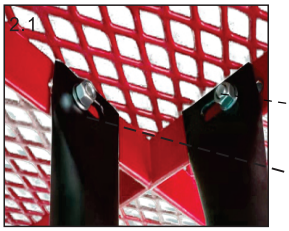

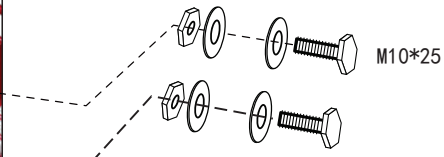

2,Place the desktop on top of the leg, align the mounting holes, and use screws,the flat cushion to fix the tabletop and leg, ensuring that the tabletop is level and stable.

3， Connect the 4 Chairs to the table legs, fix them with screws and flat pads, and tighten the screws to ensure a secure fit between the seat and the legs.
