SAFETY WARNINGS AND GENERAL NOTES:

Follow the information on the warnings on the bunk bed end structure and on the carton. Do not remove the warning label from the bed. Always use the recommended size mattress on mattress support, or both, to help prevent the likelihood of entrapment or falls.

The top surface of the mattress must be at least 5*inch (127mm) below the upper edge of the guardrail.

Do not allow children under 6 years of age to use the upper bunk.

Periodically check and ensure the guardrail, ladder and other components are in their proper position, free from damage, and all connectors are tight.

Do not allow horseplay on or under beds.

Always prohibit jumping on the bed.

Prohibit more than one person on upper bunk.

Always use the ladder for entering and leaving the upper bunk.

Do not use substitute parts. Contact the manufacturer or dealer for replacement parts.

Use of a night-light may provide added safety precaution for a child using the upper bunk.

Always use guardrails on both long sides of the upper bunk.

If the bunk bed will be placed next to a wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and the wall.

The use of water or sleep flotation mattresses is prohibited.

STRANGULATION HAZARD-Never attach or hang items to any part of the bunk bed that are not designed for use with the bed.

Keep these instructions for future reference.

We recommend assembling your bunk bed on the shipping carton to protect your floor or carpet.

Be certain all staples are out of the box before beginning assembly on the shipping carton.

Suivez les informations sur les avertissements figurant sur la structure d'extrémité du lit superposé et sur le carton. Ne retirez pas l'étiquette d'avertissement du lit. Utilisez toujours le matelas de taille recommandée sur le support de matelas, ou les deux, pour éviter tout risque de coincement ou de chute.

La surface supérieure du matelas doit être à au moins 5*poûces (127 mm) sous le bord supérieur du garde-corps.

Ne laissez pas les enfants de moins de 6 ans utiliser le lit supérieur.

Vérifiez périodiquement et assurez-vous que le garde-corps, l'échelle et les autres composants sont dans leur bonne position, exempts de dommages et que tous les connecteurs sont bien serrés.

Ne permettez pas les chahuts sur ou sous les lits.

Interdisez toujours de sauter sur le lit.

Interdire plus d'une personne sur la couchette supérieure.

Utilisez toujours l'échelle pour entrer et sortir du lit supérieur.

N'utilisez pas de pièces de rechange. Contactez le fabricant ou le revendeur pour obtenir des pièces de rechange.

L'utilisation d'une veilleuse peut fournir une précaution supplémentaire en matière de sécurité pour un enfant utilisant le lit supérieur.

Utilisez toujours des garde-corps sur les deux côtés longs du lit supérieur.

Si le lit superposé doit être placé à côté d'un mur, le garde-corps qui s'étend sur toute la longueur du lit doit être placé contre le mur pour éviter tout coincement entre le lit et le mur.

L'utilisation de matelas flottants à eau ou de sommeil est interdite.

RISQUE D'ÉTRANGULATION - N'attachez ou ne suspendez jamais d'objets à une partie du lit superposé qui ne sont pas conçus pour être utilisés avec le lit.
