Neo Terracotta 1

D2793S55851-4694

Neo Terracotta 1 pays homage to the influential American Abstract Expressionist Robert Rauschenberg with color and texture forming a layered visual weave. Here, the metaphorical and the abstract offer a delicate balance in the warm color scheme in salmon, terracotta, and peony pink. A juxtaposition of opposites can be found in the divided picture plane with the top portion featuring heavy brushwork, strong geometric shapes, and assorted marks. A smooth swathe of color and minimal shapes and marks hold forth in the lower portion of the work. Taken together, Neo Terracotta 1 offers the viewer the subtle emotions and intricacies of our existence. A thought-provoking work of art on canvas, Neo Terracotta 1 is a remarkable addition to ART by TA. Pairs beautifully with Neo Terracotta 2.
