

GILMAN OUTDOOR DINING TABLE

FDS18
 Kona
 H: 30 IN
 Dia: 65.00 IN

A tapered crown base adds a sculptural motif to a generously sized outdoor round table. Hand-carved of Kona solid grade A teak veneer and marine grade engineered hardwood, Gilman's stippled details surprise and delight with a display of expert craftsmanship. This natural finish interacts intriguingly with light as the day passes. Finish will vary.

CONTRACT: Suitable As Is
