

# ZENTECH GRAPHITE GRAY 2X2 MATTE PORCELAIN MOSAIC TILE

Uncommonly warm and inviting, the ZenTech Graphite Gray 2x2 Matte Porcelain Mosaic Tile is a perfect example of how durable porcelain can be made to look like natural stone. The pigments used to mimic the surface variations of stone are the same as those used for the tile body—hence its authenticity. Rendered in smoky shades of gray, this is an exquisitely produced through-body tile, in a sophisticated mosaic format.
