Angular Depth 2

D2478S49550-4035

Angular Depth 2 is part of a series of four geometric abstraction prints that recall the work of the great Isamu Noguchi who was a prominent Japanese-American artist, sculptor, and landscape architect.

Angular Depth 2 features simplified angular forms that emphasize positive and negative space that visually engage the viewer. The exchange of lighter shades set against a gradation of grey tones offers viewers an illusion of three-dimensionality. Defined by Noguchi's experimentation with simultaneously subtle and bold forms, Angular Depth 2 is an engaging work of art on textured paper. Part of the exclusive ART by TA Collection.
