

PRODUCT ASSEMBLY

1. Open the base, and place the bottom section of tree on it. Screw the base and the bottom section of the tree with 3 screws.

2. Open the branches carefully. Start at the bottom, and arrange each layer evenly.

3. Connect the top section of the tree in the bottom section.

4. Connect the 5-pin and 4-pin electric wires from part A to the corresponding wires on part B.

5. Open the branches of the top section of the tree carefully, and arrange each layer evenly.

CAUTION

- Firmly secure all screws before use.
- Product is intended for indoor use only.
- Do not place this tree in a wet location.
- This seasonal product is not intended for permanent installation or use.
- Do not use or store this item in the proximity of open flame, flammable/combustible chemicals, or other strong heat sources.
- If any parts are missing, broken, damaged, or worn, stop using this item until repairs are made and/or factory replacement parts are installed.
- Do not use this item in a way that is inconsistent with the manufacturer's instructions as this could void the product warranty.

CLEANING&STORAGE

- Store this tree in a cool and dry place away from heat and moisture.
- Before putting this tree in storage, do the following.
 - Completely remove all decorations.
 - Clean the tree with a slightly damp cloth and let it dry naturally.
 - Raise all branches to original upright position; make sure not to damage any branches in the process.

6. Finally connect the wires of the tree to the wires of the transformer.
